BAY RUM

All Bay Rum is not rubbish. There is a big difference between what is called Bay Rum and the real imported article.

Bay Rum, at its best, can only be made where the true bay leaves grow—in the West Indies. We've a supply of particularly good imported Bay Rum that we're selling for the same price you're asked to pay for inferior kinds.

CHRONIC ECZEMA

CURED BY CUTICURA

I was troubled several years with chronic Eczema, on my head and face. I took medical treatment from two doctors and several lotions, but received little relief. At times, the dreadful itching became almost intolerable. When I was heated, the Eczema became painful, and almost distracted me. I tried CUTICURA REMEDIES. The Eczema *rapidly disappeared*, and *I am well, with no trace of any cutaneous disease.* J. EMMETT REEVES, Feb. 22, 1898. Box 125, Thorntown, Ind.

MILES HAS LANDED.

The Porto Rican Expedition Goes Ashore at Port Guanica.

FIGHT WITH SPANISH, BUT NO ONE KILLED.

(Copyright, 1898, by the Associated Press.)

PORT OF GUANICA, Island of Porto Rico, July 25, 2 p. m., via the Island of St. Thomas, Danish West Indies, July 26, morning.—The United States military expedition under the command of Major General Nelson A. Miles, commanding the army of the United States, which left Guantanamo bay during the evening of Thursday last, July 21, was landed here successfully today after a skirmish between a detachment of the Spanish troops and a crew of thirty belonging to the launch of the United States auxiliary gunboat Gloucester, formerly J. Pierpont Morgan's steam yacht Corsair.

Four of the Spaniards were killed and no Americans were hurt. The troops were pushed forward promptly in order to capture the railroad leading to Ponce, which is only about ten miles east of this place.

WAITING FOR WORD FROM GENERAL MILES.

WASHINGTON, July 26.—The government is waiting to receive confirmation of the reported debarkation of General Miles' troops. The war department did not expect to hear of General Miles landing near Ponce, as mentioned in newspaper dispatches, but it is admitted that General Miles is master of his own movements and it is entirely conceivable that he acquired information since the original plans were formed for the campaign against Porto Rico that led him to modify them in a moment when they were to be put into execution.

While the distance from Ponce to San Juan is much greater than from the point originally selected for Miles' landing, there is, according to the military information charts a splendid fourteen-foot macadamized road leading directly across the island to San Juan on the north shore.

Such a road as this, if it is properly described in the archieves of the war department, would be very little affected by the torrential rains of this season, so that it might be possible for our troops, accompanied, as they will be, by field artillery, to make the march across the seventy miles between Ponce and San Juan in less time than would have been required to cover the much shorter distance between the capital and some of the other points that have been named as the landing place for troops.

Wherever the landing may have been made, the war department expects to hear from General Miles very soon, for he has been long enough on the coast of Porto Rico to have established himself somewhere ashore and to have forwarded some communication to the government.

There will be no difficulty in the prompt transmission of any dispatches the general may file over the cable at St. Thomas. It is probable that in the beginning the government at Madrid will be in advance with the news. This is because there is a cable running from Ponce around through a group of the West India islands to Kingston, where communications with the trans-Atlantic cable can be had. Thus, the conditions at Ponce, so far as cable connections are concerned, approximate those existing at Santiago at the beginning of the campaign when the Spanish government was able to communicate directly with the Spanish general in the town, while General Shafter's communications were subject to a delay of about twenty-four hours.

However, all this will be rectified in the course of a few days, and General Miles will be in quick communication with Washington.

INTERESTING NEWS FROM GUANTANAMO.

GUANTANAMO BAY, Santiago de Cuba, July 26.—The Prairie arrived here from Nipe Bay last evening and reported all quiet. The Spaniards last evening sunk the Spanish gunboat Santoval, which had been lying near Caimanera. This is looked upon as being a gross breach of the terms of the surrender, which the Spaniards then had knowledge of, and especially considering the fact that food has been sent by the United States navy into Caimanera. First Sergeant of Marines Kinnie, of the New York, went north yesterday evening on the Texas to get his commission as second lieutenant of marines.

This is almost the only case of such promotion on record in this branch of the service.

The Montgomery left yesterday evening. It is difficult to see how the large body of Spanish troops at Holguin can fail to surrender very soon, although reinforced by the Spanish forces from Gibara. Holguin is one of the commanding points in eastern Cuba, and the surrender of its garrison will be an important event in the war. News from there is expected shortly, and upon it will depend some of the plans of our commanders.

The Vixen and Suwanee returned to Santiago yesterday morning, convoying the prize ships brought here for disinfection.

The main body of the fleet is here coaling and cleaning as well as the facilities of the bay permit. The Texas will leave for New York shortly in order to undergo repairs.

The movement of the other ships under Rear Admiral Sampson's command, except those engaged in the Porto Rico expedition, depend upon the decisions of the authorities at Washington, and the impression is growing among the naval officers of high rank in these waters that it is not advisable to send a fleet to Spain without previously enabling the ships to undergo thorough preparations, including going into dry dock in several cases.

The list of vessels in Guantanamo Bay include the flagship New York, the Brooklyn, Iowa, Indiana, Oregon, Marblehead, Detroit, Newark, Yankee, Yankton, Hornet, Ericcson, Rogers, Wampatuck, Samoset, Vesuvius, Celtic, Vulcan, Alvarado, government colliers and one transport.

A Boston fruit steamer arrived here yesterday morning loaded with fruit, in consequence of a request upon the part of Admiral Sampson, but the steamer refused to sell anything and each ship was given a supply of fruit, which was much appreciated.

No news has been received here from Porto Rico.

Colonel Ewers, who was sent by General Shafter to receive the surrender of the 4,000 Spanish troops at Guantanamo arrived here on Sunday night with two of General Toral's officers and proceeded to Caimanera and Guantanamo yesterday. The colonel expected to return last night. It is said that 1,700 of the Spanish troops of the Guantanamo district are on the sick list. After they have surrendered the work of tending the sick, feeding the healthy and maintaining order among the prisoners will probably devolve upon the navy.

The Nipe Bay engagement was quite hot, but there were no casualties on the American side. The Spanish gunboat Jorge Juan was riddled by our shells. It is believed that about 200 men deserted from her after opening the Kingston valves.

A fleet bulletin just issued in regard to the investigation of the navy's shells at the bombardment at Santiago de Cuba says:

"Twelve houses were completly wrecked inside, and one house was burned. Sixteen eight inch shells struck within three blocks on the Calle de Marina. These excavated the ground to a depth of about four feet and to a length of about ten feet. The street was macadamized. It is judged from the fact that many of them struck near the water's edge that a number of shells must have gone into the bay. Army officers have stated that thirty or forty went beyond the northern edge of the bay into the Spanish lines.

"A dozen or more of the shells had not exploded. In four of them the base had been simply blown out. In one case a four-inch shell, which was probably a stray shell fired during the demonstration at Aguadores on July 1, had gone through a tree and had exploded in the ground beyond.

"When the severe effect of the eight-inch shells is considered, it is a matter for congratulation that it was not necessary to continue the bombardment longer and fire thirteen-inch shells, as the squadron had prepared to do. The effect of these latter would undoubtedly have been of a most disastrous character to the town. The board has completed its investigation and will make a detailed report later."

TRUTH SUPPRESSED.

Spanish Censorship Hides Real Conditions.

Affairs are in a Most Distressing State.

Army Cannot be Relied Upon to Hold People at Bay.

Queen Regent is Bending Every Effort to End the War, But Without Much Hope of Success.

NEW YORK, July 26.—A dispatch to the Tribune from Paris says:

The cast-iron severity of the Spanish censorship prevents the exact situation at Madrid from being disclosed except through private channels. Any newspaper correspondents at Madrid suspected of even hinting at the true state of affairs known to prevail there would be imprisoned or expelled. Under these circumstances grave importance attaches to a Madrid letter of Saturday's date, received here today by a French diplomatist well known on both sides of the Atlantic.

The Tribune correspondent is unfortunately not at liberty to mention the name of the writer of the letter, whose opportunities for ascertaining the truth at Madrid are unsurpassed, but is authorized to cable the following summary of its contents:

"Madrid, Saturday, July 23.—The situation is far more critical than at any previous time since the war began. On the surface the habitual indifference of all classes of the people to the national disaster seems to continue.

"Social entertainments, popular amusements and bull fights go on as merrily as ever, but this apparent apathy is merely superficial.

"The slightest incident may at any moment precipitate a crisis and plunge the country into revolution. The news which reached here Thursday of the postponement of the departure of Watson's squadron is regarded as a definite abandonment of that expedition and causes an immense relief to the Spanish cabinet.

"Sagasta is powerless either to carry on the war effectively or to conclude peace. The question of the war is thrown into the background by the urgency of dynastic considerations and by measures to avert a military pronunciamento, backed by a popular uprising.

"The spectre of revolution has momentarily restrained the Carlists in the northern provinces, but has forced Sagasta to put his whole trust in the leaders of the army. The generals are now absolute masters at Madrid, and are likely to cast aside Sagasta as soon as they have no further use for him.

"The artillery is the most democratic as well as the most efficient branch of the military service and has always been early in taking an active part in any republican movement to overturn a dynasty.

"Today the entire artillery force of the garrison of Madrid is openly hostile to the government and if ordered to fire on the people would certainly refuse to do so and would fraternize with the insurgents.

"Several infantry regiments, when the emergency arises, are also ready to follow the example of the artillery.

"The disaffection of the army increases day by day. Officers of every grade accuse the ministry of incapacity in conducting the war and charge them above all with criminal neglect in failing to supply the Santiago force with food and ammunition.

"General Polaviejo, a thoroughly honest, loyal soldier of the old school, whose devotion to the queen regent is beyond reproach, has had long conferences with the queen, Sagasta and the leaders of the opposition. Polavieja is the last hope of the dynasty. This blunt but genial soldier still retains a certain influence with the army, but those who ought to know best say that when the time comes he can no more stem the popular tide than could Marshal Bugeaud have prevented the Paris revolution of 1848 from sweeping away Louis Philippe.

"Not a day passes without the emperor of Austria exerting his strong personal influence with the queen regent, urging her to make peace at once, no matter at what sacrifice; for, in his opinion, the only salvation of the dynasty depends upon her ability to do so, and he points out that the longer peace is delayed so much the more intense will be the internal explosion which is the real danger to the dynasty.

"The queen is most anxious to act upon the emperor's advice, and her great hope is that Polavieja will succeed in obtaining the assent of the army to permit the cabinet to make such direct offers of peace to Washington as would be acceptable here.

"But whether Polavieja will be able to exert the necessary influence with the military leaders or not is considered more than doubtful.

"To make the outlook still more dismal, it is known that in spite of explicit official denials republican discontent is spreading at an alarming pace in Cordova, Valencia, Murcia and Huelva."

TAKING OUR PULSE.

Spain Feeling Her Way to Begin Negotiations for Peace.

REPORTS FROM VATICAN SO REGARDED.

WASHINGTON, July 26.—The reported statement from the Vatican of what purports to be terms of peace acceptable to both the United States and Spain is set down here as only one of the many "feelers" that have been thrown out within the past two weeks, probably to test public feeling in the United States primarily, and secondarily to break slowly to the masses of the Spanish people the realization of their complete defeat, something of which they are not yet aware because of the superhuman efforts put forth by the Spanish government to suppress or prevent the news of actual events.

It is suspected here that the condition named the annexation to the United States of Cuba and Porto Rico and the relinquishment to Spain of the Philippines, represent what may be now looked upon as the maximum concessions that Spain is willing to make.

From this point of view the statement is not discouraging, though, of course, it must be realized that the Spanish maximum is very far below the American minimum.

Still there must be some starting point for negotiations that will in the end lead up to peace, and therefore the publication of these various "feelers" is not deprecated by our government though so far it can be positively asserted, they have no basis of fact, at least on this side of the Atlantic.

DETAILED REPORT OF SHAFTER'S LOSSES.

WASHINGTON, July 26.—General Shafter's detailed report of the American casualities in the battle of Santiago has been received at the war department and is now being prepared for publication.

The total number of casualties was 1,595. Recapitulated, the American losses were:

Killed, 23 officers and 208 enlisted men; wounded, 80 officers and 1,203 men; missing, 81 men.

The missing are supposed to be dead, as, so far as known, the Spanish forces took no prisoners.

In the first division, Major General Kent commanding, the casualties were as follows:

First Brigade, consisting of the Sixth and Sixteenth Infantry—Seventy-first New York, 10 killed, 5 officers and 40 men; wounded fourteen officers and 262 men; missing, 50 men.

Second Brigade, consisting of the Second, Tenth and Twenty-first Infantry—Killed, one officer and 17 men; wounded, 10 officers and 114 men; missing, 3 men.

Third Brigade, consisting of the Ninth, Thirteenth and Twenty-fourth Infantry—Killed, 6 officers and 30 men; wounded, 11 officers and 186 men; missing, 9 men.

Second Division, Major-General Lawton, commanding:

First Brigade, consisting of the Eighth and Twenty-second Infantry and the Second Massachusetts—Killed, 1 officer and 15 men; wounded, 8 officers and 111 men.

Second brigade, consisting of the First, Fourth and Twenty-fifth infantry—Killed, 2 officers and 14 men; wounded, 5 officers and 55 men; missing, 1 man.

Third brigade, consisting of the Seventh, Twelfth and Seventeenth infantry—Killed, 2 officers and 45 men; wounded, 3 officers and 148 men; missing, 1 man.

Cavalry division, Major General Wheeler, commanding:

First brigade, consisting of the Third, Sixth and Ninth cavalry—Killed, 2 officers and 9 men; wounded, 12 officers and 113 men; missing, 4 men.

Second brigade, consisting of the First and Tenth cavalry and the Rough Riders—Killed, 4 officers and 30 men; wounded, 13 officers and 179 men; missing, 8 men.

Light battery battalion—Killed, 3 men; wounded, 1 officer and 8 men.

GRIM FAMINE IN GUANTANAMO CITY.

(Correspondence of the Associated Press.)

GUANTANAMO HARBOR, July 17.—Grim famine in Guantanamo City and its environs is added the ravages of yellow fever, which seems to be much more virulent in type than it is farther westward.

Deaths from yellow jack average fifteen per day. This report is official from Pereze himself.

Strick military quarantine is observed here and Commander McCalla, of the Marblehead, is infinitely more strict than any health officers the states can boast.

General Miles, who came here on the Yale this morning, was not allowed to land until he had shown a medical certificate to the effect that immediately upon his visit to the Santiago army his person and his apparel has been thoroughly fumigated. The general of the army having gone so far as to sacrifice his mustache to the exigencies of the occasion, whatever the deprivation may attach for his health, it has certainly so changed his appearance as to make him almost unrecognizable until you come within speaking distance.

The troops on the Yale are, of course, heartily sick of the enforced seclusion which their vessel grants, but are all the more healthy for being kept afloat and so much the more likely to be effective at Porto Rico. Troops are held also on the cruiser Columbia and the old Spanish prize (now converted into a United States transport) Rita.

The latter has the yellow flag on her foretop mast but this only means that some one on board landed at Siboney and that there is one case of typhoid on the sick report.

GUANTANAMO HAS BEEN OCCUPIED.

SANTIAGO DE CUBA, July 26.—The First United States infantry, under Lieutenant Colonel Bisbee, went to Guantanamo yesterday afternoon in order to occupy that place.

General Shafter and staff left yesterday for Camp Wood. The military goveruor, General Wood, remains here.

Company F, of the Thirty-third Michigan volunteers, will publish today, with General Shafter's consent, the first American paper published in Cuba. It is edited and printed by members of the company and will bear the title, "Company F Enterprise."

SHAFTER REPORTS 500 NEW CASES OF FEVER.

WASHINGTON, July 26.—In a dispatch to the war department last night General Shafter reports that about 500 new cases of fever developed in his corps at Santiago yesterday. This number includes, of course, all classes of fevers, probably some cases of genuine yellow fever.

Only one death is reported, that one being from yellow fever. The cheering intelligence is conveyed that the situation is improving and that about 450 men who have been ill have returned to duty.

The dispatch, as posted by the war department, follows:

"Santiago, July 25.—Adjutant General, U. S. A., Washington:—Number of fever cases on the 24th inst., about 500. At least 450 returned to duty. Actual figures will be given hereatter. Notwithstanding figures, situation seems somewhat improved. One death, Sergeant J. Larmenn, troop C, Third cavalry, yellow fever, Siboney.

"SHAFTER, Major General."

As heretofore indicated by General Shafter and the medical officers of his corps, the cases of fever are of a notably mild type. The patients are ill from three days to a week and then return to duty quite as well as ever. The medical officers concur in the opinion that this fever renders the men immune, for the time at least, to yellow fever.

OHIO REGIMENTS GET ORDERS TO THE FRONT.

WASHINGTON, July 26.—Orders will be issued today for the First, Third and Fifth Ohio regiments, at Tampa, Fla., to prepare for service in Porto Rico. Arrangements will be made as soon as possible for their transportation.

These troops were in the original list for service in the Porto Rican campaign, but were crowded out by troops from southern states which claimed priority of selection.

GOVERNOR APPEALED TO.

State Board of Charities Urge Necessity of Some Prison Reforms.

INDIANAPOLIS, July 26.—The state board of charities was in session yesterday and called the attention of Governor Mount to some needed reforms in the state institutions. Among other things, the board objects to throwing the prisons and reformatories open to excursionists and having them staring at the convicts. The board says the practice is humiliating and demoralizing. There was complaint also about the management of the insane hospital at Evansville, the board feeling that Superintendent Mason is not keeping the institution up to the standard of some of the others, and recommending that he visit other institutions and inquire into their methods.

GET AWAY TODAY.

Gen. Fred Grant's Brigade Leaves Camp Thomas.

Other Regiments are Waiting for the Word.

Soldiers are Getting Vigorous Drill Work.

Rifle Teams From Each of the Regiments Competing Today for the Honors of Marksmanship.

CHICKAMAUGA, National Military Park, Tenn., July 26.—The third brigade, first division, first corps is expected to leave Camp Thomas at an early hour tomorrow for Newport News. This brigade is commanded by Brigadier-General Fred Grant and is composed of the First Kentucky, Third Kentucky and Fifth Illinois. The brigade will be accompanied by the Third battalion of the Sixteenth Pennsylvania, which arrived after the departure of the regiment for Porto Rico.

The four commands will march five miles to Rossville, there to load. The route to Newport News will be over the Queen and Crescent and Chesapeake and Ohio, via Lexington, Ky., and Richmond, Va.

With the exception of the regiments which go out tomorrow and which are busy today packing, all commands are hard at work drilling.

The weather is cool and pleasant and it is being fully taken advantage of.

Late this afternoon there will be two highly interesting shooting contests in which a team of twelve men from each regiment of the first and second divisions will participate. The contests will decide which regiment of the division is entitled to be known as having the finest team.

The firing will be at a distance of 150 yards and each man will be entitled to ten shots.

There is much interest in the contest and there is perhaps not a team of marksmen that does not feel confident of winning.

Major Sunk, chief engineer of the Second division, First corps, is now lecturing the commissioned and non-commissioned officers on the art of constructing hasty field fortifications.

The officers are deeply interested in this important feature of the service and are gaining many valuable points from Major Shunk's clear and forcible talks.

Major Nye, commissary of subsistence of the local military supply depot, has shipped eighty cars of provisions to the park during the last forty-eight hours.

Judging from these heavy shipments it would appear as though more troops would shortly arrive at the park.

Major Nye has not received any orders up to the present writing to provide "travel rations" for troops that are going to leave the park. Nineteen cars of potatoes arrived from Columbia, Tenn., today.

An enormous quantity of letter mail is now being handled at the Chickamauga postal station of the Chickamauga postoffice.

All of the soldiers' mail goes to this office and all civilian mail is sent to the Lytle, Ga., postoffice. At the Chickamauga station branch over 180,000 letters are handled each day. This includes both the incoming and outgoing mails, requiring a force of seventeen clerks to distribute and make up the mails. In addition to these letters an average of 25,050 mail packages, including papers, boxes, etc., are handled each day. This makes up over 200 sacks of paper mail every twenty-four hours. The mails are now being received and dispatched without delay and much credit is due the postal authorities.

Dr. C. M. Drake, former chief surgeon of the Southern railway, has been transferred from the Third corps to take charge of the First division, First corps hospital. There are a number of patients in this hospital left by the commands which are now en route to Porto Rico.

Troop M, First Illinois cavalry from Chicago, has been named by General Wade as his guard of honor. The guard will go on duty as soon as General Wade decides upon the location of his headquarters.

ENJOYED AN OUTING.

W. C. T. U. of Churubusco Have an Excursion to Robison Park.

The members of the Women's Christian Temperance union of Churubusco came to Fort Wayne today enroute to Robison park, where they enjoyed an outing. The party was in jolly mood and made the most of their time at the park. The following ladies were in the party:

Mesdames J. H. Grisamer, John Bryan, Mary Coulter, Dr. Squiers, Esther Douglas, L. Doughy, Mease, I. Thompson, N. Metsker, W. Witham, O. Deardorff, N. Potter; Misses Maggie Coulter, Blanche Bryan, Mary Keen, Laura Douglas.

The E'Galantes had their first summer dance last evening at Robison park. The dancers had use of the large pavilion and two-stepped to the lively tunes of the orchestrion. Twenty-one couples gracefully wended their way in the grand march and over fifty were present. Mr. and Mrs. Cragg and Mr. and Mrs. Benoy were the chaperons.

PEACE IN SIGHT.

Negotiations Opened by the Ambassador From France.

HAS A CONFERENCE WITH THE PRESIDENT.

WASHINGTON, July 23.—4 P. M.—There is reason to believe that at last the initial steps have been taken for opening negotiations for peace.

At this moment it is possible to learn none of the details of the project or even to obtain official confirmation.

An interview between the French ambassador and the president was arranged for between Secretary Day and Secretary Thiebaul, of the French embassy, both of whom were present at the white house when the conference began at 3:30 o'clock.

The conference of the French ambassador and Secretary Day with the president lasted an hour.

When parties to it were asked if the conference brought out a peace proposal the question significantly was unanswered.

MISS JESSIE SCHLEY ORDERED FROM SPAIN.

LONDON, July 26.—The papers here continue to confound Miss Jessie Schley, daughter of Charles Schley, of Milwaukee, a cousin of Commodore Schley, with Miss Shafter. Miss Schley recently arrived in Madrid on a peace mission, without the approval of her father, but neither the queen regent nor any responsible person would receive her. It was added that she will probably be requested to depart as soon as possible. A special dispatch from Madrid this morning says:

"'Miss Shafter' has been requested to leave Spain forthwith.

LONG WOULD NOT TALK OF WATSON'S SQUADRON.

WASHINGTON, D. C., July 26.—When the cabinet assembled at 11 o'clock today Secretaries Alger and Long both announced that they had received no dispatches from the Porto Rico expedition. Secretary Alger especially was expecting to hear from General Miles and was much disappointed that no word had come from him as to his landing, reports of which had been transmitted to him through the Associated Press.

Secretary Long also was keenly expectant of advices from that quarter.

Referring to the expedition of Commodore Watson to the Spanish coast, Secretary Long said there was nothing new with regard to that project.

"It is surely going, is it not?" he was asked.

"It is awaiting orders from the president," was the reply.

Secretary Long, however, noticeably refrained from directly answering the question.

Secretary Day stated that there had been no change in the peace outlook and that so far as he knew the administration had no information of the reported peace note the Spanish are quoted as framing. He said there had been no overtures for peace brought to his attention, and said, in a general way, that he knew of no development anent the peace talk.

THANKS OF CONGRESS ARE SENT TO DEWEY.

WASHINGTON, July 26.—Secretary Long has forwarded to Admiral Dewey the joint resolution of congress extending the thanks of congress for the victory achieved at Cavite.

The resolution was beautifully engrossed and perfaced by a formal attestation of its authenticity by Secretary of State Day, the whole being inclosed in rich guilt and ornamented Russia leather covers.

It is to be remarked that Secretary Long in his letter of transmittal makes reference to a letter from the secretary of state complimenting Admiral Dewey upon his direction of affairs since the great naval victory, a formal evidence that the state department is thoroughly well satisfied with the diplomatic qualities he has exhibited.

The letter of Secretary Long is as follows:

"Navy Department, Washington, July 25, 1898.—Sir: The department has received from the secretary of state an engrossed and certified copy of a joint resolution of congress tendering the thanks of congress to you and the officers and men of the squadron under your command, for transmission to you, and herewith inclose the same.

"Accompanying the copy of the joint resolution the department received a letter from the secretary of state requesting that there be conveyed to you his high appreciation of your character as a naval officer and of the good judgment and prudence you have shown in directing affairs since the date of your great achievement in destroying the Spanish fleet. This I take great pleasure in doing, and join most heartily, on behalf of the navy department, as well as personally, in the commendations of the secretary of state.

"Very respectfully,
"JOHN D. LONG, Secretary."

SPANISH SHIPS ARE GIVEN SAFE CONDUCT.

GIBRALTAR, July 26.—In accordance with instructions received from Washington the consular agent here has issued safe conduct to the Spanish steamers Isla Del Luzon and Isla De Panay, now at Cadiz, to proceed to Santiago de Cuba and return to Spain with the surrendered Spanish troops.

SHAFTER'S TROOPS NOT TO RETURN AT ONCE.

WASHINGTON, July 26.—Adjutant General Corbin said today that the question of the disposition of the troops under General Shafter at Santiago was not settled. It is certain, however, that there will be no general movement of troops from Santiago until the Spanish prisoners have been removed and there is some definite militry progress in Porto Rico.

The health conditions of the army at Santiago will have considerable to do with future movements of those troops. The war department is taking steps for the establishment of reserve camps at convenient places in the United States.

The military medical authorities are confident of their abilty to handle and stamp out disease among the troops in eastern Cuba.

When that has been accomplished it is more than probable that the majority of the troops there may be returned to the United States and given a short holiday prior to the institution of the campaign against Havana and it is not improbable that some of the regiments which are entirely free from disease may be allowed to come to the United States in advance of any general movement in that direction.

Great care will be taken to avoid the introduction of yellow fever into the United States.

Charles Mills, of Rochester, N. Y., arrived in the city yesterday to identify himself with the Rurode Dry Goods Co. as its general manager. Mr. Mills has been connected with establishments of the same kind for years and is familiar with the dry goods business.

Board of Works Meets.

The board of public works received a petition yesterday asking for the construction of a sewer in the alley between Fletcher avenue and Grant avenue, from the alley south of Alliger street to Penn street, and instructed the engineer to prepare the necessary plans. The petition of W. P. Smick and Rose E. Whiting for permission to build a sidewalk on East Wayne street by private contract, was granted. The engineer submitted plans for the following improvements:

Paving Clinton street with brick from the Nickel Plate railroad to Superior street; sidewalks on Hench street, from Hoffman street north; sidewalks on the south side of East Wayne street, from Walton avenue to Glasgow avenue; sewer in the alley east of Calhoun street, between Pontiac street and Creighton avenue. The board approved the plans as submitted, and passed resolutions for the improvements as specified.

PEACE at any price is all the same to Spain. She can't pay, anyway.

THE leader of that concert of the powers has great difficulty striking a pitch where all can join in the melody.

SPAIN'S fleet is gone and her army is melting away with much rapidity. In another year Spain will be as unwarlike as a tribe of Laplanders.

THERE is nothing in which the United States is so little interested as in an armistice. If Spain wants to come off her perch let her come. Then the fighting will stop.

THE report of Admiral Sampson on the destruction of Cervera's fleet at Santiago will be made public tomorrow and the people will know whether it was "the fleet under my command" or Schley's ships which wrought the great clean-up that historic Sabbath morning.

A POLITICAL rumor originating in Indianapolis ascribes to Hon. S. E. Morss, publisher of the Indianapolis Sentinel, aspirations to succeed Hon. David Turpie in the senate of the United States. Possibly Mr. Morss is ambitious to wear a toga, and well would it become him, but it has been believed by some of his friends that the late consul general to Paris was patiently awaiting the election of William Jennings Bryan in 1900, when he expects to return to the gay capital of the French as the ambassador of the United States.

THERE is yet to be raised the first valid, rational objection to a curfew law in Fort Wayne. The contention that it means the restriction of personal liberty is all bosh. It restricts the liberty of no one old enough to be entrusted with such grave responsibility as personal liberty. It is a measure to keep boys from becoming first loafers and then criminals and to save from the multiplied curses and degradation of the pave the tender girls who do do not see the dangers toward which their young feet are speeding. The curfew law means simply to give the police distinct and specific authority to require young boys and young girls to be at home where they belong at a seasonable hour.

IT IS the opinion of Gen. Charles King, the soldier-novelist, that General Merritt will find use for 50,000 soldiers in the Philippines. General King, who is himself attached to the Manila expedition, says that with Spain entirely absent as a factor in the settlement of the Philippine question there will be lively times over there. He believes, or at least he intimates that he believes, Aguinaldo is going to prove an embarrassing quantity before peace and order are restored in the islands. General King is not posing as a prophet of evil. There is rational apprehension in what he points out. Until more is known of "General" Aguinaldo he is entitled to no more confidence than the other insurgent chiefs in the Philippines who sold themselves to the Spanish government after they had incited the natives to revolt. They are not to be trusted. Aguinaldo may be performing in thorough good faith. There is such appearance borne by his conduct. So far he has obeyed Admiral Dewey with striking fidelity to his promises. But none can say how long this will continue. The Spaniards are still intrenched in Manila. They must be driven out, the capital of the Philippines taken and the last dangerous vestige of Spanish power and authority swept away. That Aguinaldo cannot do without the aid of Dewey's fleet and Merritt's artillery and disciplined soldiery. Once Spain is prostrate in the Philippines Aguinaldo's future good faith may be gauged. If he is ambitious to enforce his recently declared dictatorship he will revolt against American occupation of the islands. Aguinaldo's influence is strong. An uprising incited by him would be a mean thing for Merritt to cope with and put down. Fifty thousand men may, as General King points out, yet be needed in the philippines.

THE officers of the Allen County Orphans' Home have found it necessary to enlarge the capacity of that worthy institution. The accession of inmates has overtaken and passed the departures. It is, of course, in no small degree gratifying to know that there is in Allen county a home for orphaned little ones, and it is further gratifying to reflect upon the extensive use that is made of the home. But the children, some of them, are remaining in the home too long. They should be given entirely domestic homes; should be taken from the orphanage by kind-hearted folk and brought up amid the environments and influences of a family fireside. At the home the inmates are well cared for. They are given kind treatment and intelligent, Christian training by the matron, are well clothed and wholesomely fed. The very best that can be done for these unfortunates in a public institution is done for them. But the essential air of the home is lacking. There are bright-eyed, bright-minded, winsome, lovable little ones in the Allen county orphanage that would bring sunshine and joy into many childless homes. Good-hearted domestic couples who have room and the means to spare to the rearing of little ones can lay no better offering at the feet of Him who blessed all children than by removing some of these unfortunates from the institution to the happy circle of their own homes. Children should not, if they are to develop the choicer faculties, the higher refinements, the finer independence, be too long reared in public institutions. The consciousness of indigence, that intangible something that betrays the unmistakable identity of the public charge, will be written in the character, marked in the behavior. Let as many as possible of the helpless innocents in the Allen County Orphans' home be spared the distressing knowledge that they ever were paupers.

SOME NEW RECORDS.

Lena N. and Searchlight Get Them in the 2:10 Pace.

Ketcham, Dick Wilson and McHenry Drove the Winners in the Events at Cleveland.

CLEVELAND, July 26.—The breaking of two world's records and one season record marked the opening of the Grand Circuit races at the Glenville track. The first event, the 2:16 trot, was the fastest race this season, and in the second race, the 2:10 pace, the world's record for pacing mares was clipped from 2:05¾ to 2:05¼ in the first heat.

In the next mile, Searchlight, another member of the California outfit, reduced the mark, four-year-olds to 2:04¼, going under the record two seconds.

Separately the heats in the trot were not marvelous, but collectively they form the fastest trotting race of the year. Mattie Patterson displayed the speed of the big field and took first money in straight heats. The time was 2:10¼, 2:09¼ and 2:09¼.

Lena N could not hold out in the 2:10 pace and Searchlight took the race in three heats after the first.

Five heats were required to decide the division of the money in the 2:25 trot, with a field of eleven. Percy got the first heat, Belle J. pursuing him closely, and in the second Belle J. won in 2:11, Percy dropping to second position. Then Anglina, from the Ketcham farm, went out and took the race one, two, three. The summaries:

2:16 Class Trotting, Purse $2,500—Mattie Patterson, Wilson, 1, 1, 1; Askey, Wright, 9, 2, 2; Grattan Boy, Maloney, 2, 3, 3; Guy, Garvey, 3, 5, 5; Judge At Law, Bever, 10, 4, 4; Serpol, Curry, 4, 7, 9; Black Raven, Jamison, 5, 9, 8; Stamboulat, Van Bokkelen, 7, 6, 12; J. HE WILL WAIT.

ROME, July 26.—Admiral Candiane, it is announced in a dispatch received here from Carthagena, Colombia, formally demanded on Saturday last that the Colombian government accept President Cleveland's award in the Cerruti case in its entirety and to guarantee its full execution. The Italian admiral insists upon a definite reply in twenty days. In the meanwhile, the Italian warships will visit other Colombian ports.

SHUT THEM OUT.

Another Whitewash for Torreyson's Wolverines.

Brodie Toyed With the Alleged Sluggers From the Furniture City—Toledo Beaten—Notes.

Torreyson's alleged sluggers have a hard time winning from the Fort Waynes and when they do happen to land a victory it is on account of some bad misplay or a yellow decision of an umpire. Yesterday Mr. Brodie, the "beauty" twirler of the Fort Waynes, was in the points against them and the Wolverines were able to secure five stingy little singles off his delivery. The Fort Waynes played a fast fielding game and kept the Torreysonites from getting a run. A double by Babb sent in a run for Fort Wayne and in the next inning Brodie smashed one of Nonnamacher's curves for a home run. These two scores "cinched" the game. Big Ed Herr will pitch today's game and he has promised to pitch his arm off in an effort to win. The team is on the up-grade and deserves liberal support when it returns to meet Toledo next Thursday. There should be an attendance of more than 500. Score:

OUTLOOK BETTER.

Indications Are That Fort Wayne May Not Lose Base Ball Team.

At present indications are that Fort Wayne will not lose its base ball franchise in the Inter State league. A meeting was held last evening in the parlors of the Randall hotel and was attended by twenty-five or thirty gentlemen who are interested in having the club remain in the Summit City. President Power was present and explained the situation. C. F. Baker presided and John Crowe was secretary. One gentleman signified a willingness to take a big block of stock if a company was formed.

The obligations which the new company is asked to assume is the unpaid salary of the players for July services and the placing of the $500 guarantee in the hands of President Power. The $500 comes back to the company provided the season is played out. On motion of F. J. Stutesman it was decided to organize a stock company of 150 shares of $10 each and a committee was appointed to visit citizens today and solicit them to take stock. The committee is composed of O. H. Larwill, H. C. Stites, Sid Hubbard, Robert Dickson and W. A. Hall. If the desired amount of stock is raised a meeting of the stockholders will be held and the company will be organized by the election of a board of directors, a president, secretary and treasurer.

The opinion was strongly advanced last evening that the team would be self-sustaining for the balance of the season now that the team had struck a winning gait. Every person who subscribes $10 for one share of stock will have an opportunity to say who shall direct the affairs of the new company. The committee will meet President Power at 4:30 this afternoon and report what they have been able to accomplish, and tonight the stockholders will again meet in the parlors of the Randall to discuss the future of the club. Before adjournment last evening more than twenty shares had been taken.

CLEVELAND MAY GO TO ST. LOUIS.

ST. LOUIS, Mo., July 26.—Attorney William Kinnerk's application for a bond and accounting against Chris Von der Ahe, trustee of Sportsman's park and club, was not passed on in court yesterday. A truce was patched up and the prospect for a combination of the Cleveland and St. Lous clubs is brighter than ever. When Frank De Hass Robison heard the Becker deal was off he wired Von der Ahe an offer and will return Wednesday to complete negotiations for absorbing the Browns. Meanwhile President Muckenfuss is in Indianapolis in consultation with Talbot and Dickson, the theatrical managers, and John T. Brush, who are backing Robison in the deal. Muckenfuss was in Cincinnati Sunday with Brush, returning to Indianapolis yesterday. It is learned that the terms of the deal with the Robison syndicate embrace a cash consideration, the notes and interest in the club for Von der Ahe, Chris to buy in the club at public sale and transfer it to the syndicate. The Cleveland players then will be transferred to St. Louis and Hurst's "Brownies" will go to Forest City.

INTEREST WILL REVIVE.

John T. Brush says: "My impression is the game has suffered in some places from the effect of the war. It is but natural that it should. The class of people who support base ball are the class who necessarily will be intensely interested in a national conflict, and must have their minds naturally diverted more or less from their favorite amusement. But there can be no question that interest in base ball will survive and be as great or greater than ever. In fact there is already evidence of its revival from the effects of the war."

NOTES.

The way to encourage a base ball team to win is to attend the games and root.

Flick, of the Phillies, has made nine doubles, seven triples and four home runs.

Patsy Tebeau regards Powell the equal of any pitcher in the major league. The Inter-State has certainly turned out some good ones.

Paul Russell is about to be deposed as manager of the Youngstown team. There are forty applicants for the position, among whom is a certain Arlington Latham.

POLICE NEWS.

Harry Overly Takes a Change of Venue to 'Squire Tancey.

He is Charged With Simple Mayhem--Police Raided a Gambling Den on Main Street--Notes.

Harry Overly was brought before Mayor Scherer this morning on a charge of simple mayhem. It will be remembered that Overly assaulted and badly bit or slashed John A. Sollberger, the East Washington street saloonkeeper, some weeks ago. When arraigned he asked for a change of venue and Mayor Scherer sent the case to 'Squire Tancey and set it for trial tomorrow afternoon at 2 o'clock.

RAIDED A DEN.

Complaints have been made that a gambling den was being run upstairs at No. 10 West Main street, and last night Captain Borgman ordered the rooms raided. Eugene Jameson and three friends were found toying with the pasteboards and they were arrested. The trio with Jameson gave the names of George Brown, Bert Allison and Harry Allison. They all put up bail and forfeited it by non-appearanse in police court this morning.

NOTES.

John McCaffery was arrested for drunkenness by Officer Petgen last night. The mayor sent him to jail for fifteen days.

James Akers, another drunk arrested by Officer Petgen, was sent to jail for eleven days.

William Bennett, a young lad, and James Costello, colored, were arrested along the Findlay tracks by Officer Hobbs. They are charged with vagrancy. Young Bennett claims to be from Grand Rapids and says the colored man enticed him from home. Superintendent Gorsline is investigating and meantime the couple are at the hotel de Melching.

Complaints come in almost every morning of the depredations of boys at the Foagland school and on Thompson avenue. The police will make trouble for the lads if they insist on the nightly disturbances.

The Mutual Fire association of German Lutherans met in the St. Paul school building last evening and elected the following officers: President, William Doehrman; secretary, C. A. Kampe; directors, Fred Scheiman, Charles Brandt, William Miller and C. Fahlsing. The directors will select a treasurer.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Dreier Bros., druggists, and get a trial bottle free. Regular size 50c and $1. Every bottle guaranteed, or price refunded.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back, weak kidneys, marlaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at Dreier & Bro.'s drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

NEW MONITORS.

Bids Advertised for the Construction of Four Coast Defense Vessels.

WASHINGTON, July 26.—The navy department has issued an advertisement calling for proposals for constructing by contract four harbor defense monitors provided for by the naval appropriation bill. The bids will be opened Saturday, October 1. It is a matter of regret to the naval designers that the limit of cost for these vessels is so low as to make it necessary to build the monitors of very small tonnage, and of lighter battery power than is desirable in these advanced days, but the construction bureau has managed to prepare plans that will after all result in a very serviceable type of harbor defense vessels.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me.

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone.

"Indeed, I thought I would lose my mind. No one knows what I endured.

"I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

There is too little preaching of the gospel of health. It is the last thing that anyone thinks of teaching, either to a man, child or woman-child. It is one of the most important branches of an education.

Without health, a man will be a business, and a woman a social failure. When the body of either a man or a woman is properly nourished, the result is the enjoyment of good health. Almost all ill-health is due to improper or insufficient nourishment. If the stomach is right and the liver is right, the blood will receive its normal supply of the life-giving elements of the food and the body will be properly nourished. Dr. Pierce's Golden Medical Discovery acts directly upon the stomach and liver. It purifies and enriches the blood. It is the great blood-maker, flesh-builder, nerve tonic and restorative. It promotes the natural activity of the entire nutritive organism. It puts an end to the slow starvation that is at the base of many diseases. It does not make flabby fat like cod liver oil, but firm, muscular tissues. It does not make corpulent people more corpulent but builds up the system to the normal standard.

"I was run down with nervous prostration and female weakness and kidney trouble," writes Mrs. Maranda Ramsey, of Smartt, Warren Co., Tenn. "My bowels were constipated. My whole system was wrecked. My friends thought I would die. I had read of Dr. Pierce's medicines and sent for the 'Golden Medical Discovery,' 'Favorite Prescription' and 'Pleasant Pellets.' In one week's time I began to sit up. In two weeks I could sit up all day, after being so bad that I had to be helped in and out of bed. I have taken four bottles of 'Golden Medical Discovery' and two of 'Favorite Prescription' and am in better health than I have been for years."

Constipation is the father of all manner of maladies. If it did not exist, or was in all cases promptly relieved, the majority of medical books could be safely destroyed. It is the easiest sickness to neglect and the simplest to cure. Dr. Pierce's Pleasant Pellets cure constipation every time. They cure it promptly, completely and permanently. They never gripe. They don't get you out 'o nights. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists keep nothing else "just as good."

SUDDEN DEATH.

William Armel Killed at Charleston, Mass.

Peter Simmons Badly Hurt by a Fall—Nickel Plate Reducing Expenses—Rail and Shop.

At 12 o'clock last night a telegram from Charleston, Mass., brought to Mrs. William H. Armel, of 479 Lafayette street, the shocking news that her husband had been killed in a railway accident at that place. The telegram did not state just how Mr. Armel met death, but as he is employed on a road running through that town, it is presumed he was coupling cars when the accident occurred. Mrs. Armel is nearly prostrated by grief. She telegraphed instructions this morning to have the remains shipped here and they are expected to arrive some time tomorrow. Until the hour of their arrival the date of the funeral will not be known, but it is thought the body will reach here in time to bury it Thursday.

William H. Armel was the son of William Armel, sr., one of Allen county's well known farmers. He was born thirty-eight years ago last April on the old homestead, five miles out on the Goshen road, where his father still resides. He remained on the farm, going to school during the winter months, until he was twenty years old. Then he came to Fort Wayne and took a position as switchman in the Pennsylvania yards. In 1893 he left the Pennsylvania and took a similar position with the Nickel Plate. A year later he was let out because of sympathy with the American Railway union strikers. About a year ago he went east and found employment on one of the New England roads, where he worked steadily until the accident which cost him his life.

Besides the widow and the aged father, Mr. Armel left two sisters, Mrs. Weaver and Mrs. Carroll. He had no children. The news of the poor fellow's fate caused sorrow among the attaches of the Pittsburg and Nickel Plate yards when it reached them this morning. He was a kind and accommodating companion, and every man was his friend and liked him. At one time Mr. Armel was prominent in Knights of Pythias circles in Fort Wayne, but when he lost his position on the road, he allowed his membership to lapse by non-payment of dues.

THE NICKLE PLATE RETRENCHES.

A retrenchment move which surpasses anything yet attempted in this "neck o' woods" is now on on the Nickel Plate. It began over a week ago, when orders were issued to dismiss two road supervisors and add their territory to the remaining supervisors, whose salaries were not increased. The attendants at the coaling stations between terminals were also discharged and their duties were added to those of the section men.

Now comes the news of the practical suspension of work in the shops at Stony Island and Conneaut, beginning yesterday. Only the round house force, perhaps a dozen men at each place, were retained.

The clerical ranks were also invaded and wherever a man could be dispensed with, he was dropped. There are 1,000 men effected by the order.

The necessity for such an unprecedented economical move is said to be "no traffic" and consequently no demand for engines. Traffic is always light in July, and it is much lighter this year, according to the weekly statements of eastbound shipments out of Chicago, than in former years. Still, this does not appear to warrant the wholesale suspensions mentioned in the foregoing.

WILL REBUILD TRACK TANKS.

The old track tanks on the Pennsylvania between Pittsburg and Altoona, which were put down just before the Philadelphia centennial, are to be renewed and some of the material is being distributed. New tanks are about to be placed between the rails at Latrobe and other points. Some improvements have been made in the matter of connecting the different sections and the sluice is made deeper and wider. The new balanced scoops used on the engines will enable a train to take water running fifty miles an hour, and there is scarcely any necessity for making the track tanks longer.

CLERKS IN LUCK.

This morning Henry C. Rippe, who has been assistant chief clerk and stenographer to Chief Clerk Robert Learmonth, of the Pennsylvania offices, for several years, received notice of his appointment to the position of private secretary to Supt. C. D. Law, succeeding T. J. Kucher, who was compelled to resign on account of failing health. John G. Wolfrum, for several weeks tonnage clerk, has succeeded Mr. Rippe. Mr. Wolfrum is also an expert stenographer and has filled in that capacity several very responsible positions. Who will succeed Mr. Wolfrum is not known at present, but it is thought civil service rules will be observed and that some clerk now in the company's service at this point will get the position. Messrs. Rippe and Wolfrum have won their promotions by faithful and efficient service.

RAILROAD ACCIDENTS IN JUNE.

A compilation of railroad accidents in the United States in the month of June shows the total number was 146, of which five were due to defects of road, thirty-one to defects of equipment, thirty-one to negligence in operating, seven to unforeseen obstructions and seventy-two unexplained. Thirty-one passenger and 159 freight trains were involved in 146 accidents. Five passengers and twenty-one employes were killed and sixty passengers and sixty-seven employes were injured.

SHOPMAN HURT.

Peter L. Simmons, of 56 Leith street, an old man employed as a round house laborer by the Pennsylvania company, met with a serious misfortune at an early hour this morning. He was about to clean the flues of engine No. 1 when he fell from the tank, striking his head against the flue auger and cutting an ugly gash in his scalp. His back and shoulders were also bruised and sprained by the fall. When discovered the unfortunate man was in a dazed condition and could not tell what happened to him. He was taken to his home where he is being attended by Dr. W. T. Ferguson.

FREIGHT RATES RESTORED.

A dispatch from Chicago states that all freight rates were restored to normal tariff on the western roads. In this way was brought to a close a long continued and disastrous rate war. While it was in progress many millions of dollars were recklessly thrown away. For twelve months rates in all parts of the territory west of Chicago have been baldy demoralized.

No section escaped. It is difficult to determine where the ill results were most severely felt. From St. Paul to the gulf and from Chicago to the Pacific coast the ravages of the war were experienced. But for it earnings of the roads would have shown phenomenal and unprecedented increases and stockholders would have been enriched by the enlargement of divided payments.

General and Local Gossip.

Machinist William Schiefer, of the Wabash shops, is sick.

The Machinists' Social club will a meeting tonight, at the hall, 138 Calhoun street.

The Wabash's pump house at Crocker, Ind., was destroyed by fire Saturday night.

Nickel Plate Conductor Hindel reported for duty yesterday, after a few days' lay off.

Nickel Plate Engineer Lee Larimore has gone to Chicago to spend a ten day's vacation.

Blacksmith Ed McLaughlin has returned from Buffalo, N. Y., where he visited several days.

On Saturday the Brooks Locomotive works turned out their three thousandth locomotive.

D. F. McFee, Nickel Plate engineer, has been fishing at Rome City for three or four days.

Louis Kopp, machinist, quit his job at the Wabash shops last night and will go to Chicago to work.

After seven weeks of sickness, John Ryan this morning resumed his place in the Pittsburg copper shop.

Ed Dornte, who had a hand injured last week, resumed his place in the Pittsburg planing mills this morning.

Jacob Hilgeman has returned from St. Louis, where he set up some dynamos for the Electric corporation.

A. L. Schwartz, a member of the night force in the Nickel Plate round house, is off duty on account of sickness.

M. Vreeland has returned to work in the Nickel Plate yards after a month's vacation, much of which he spent in Ohio.

Fred Hilgeman has recovered from his recent illness and is again working in the Rhinesmith & Simonson lumber yards.

Blacksmith Charles Barnes, of the Pittsburg, was summoned to Garrett, Ind., this morning. His father is lying very ill at that place.

Porter F. Leach, the car wheel salesman, has gone to White Pigeon, Mich., to attend the funeral of his father, who died yesterday.

Chas W. Habecker, wife and baby, left yesterday for a week's visit with Mr. Habeaker's parents at Monticello, Ind. He is a painter in the Pittsburg shops.

C. E. Olds has been transferred from the incandescent to arc departments at the electric works. Thomas O'Rourke has taken Mr. Olds' place in the former room.

A short distance east of Stony Island Sunday night, Nickel Plate passenger train No. 154 broke a side rod and completely stripped one side of her boiler. She was relieved by engine 172.

Colonel Frank Hecker, who has charge of the transportation of the Spanish prisoners, for years was superintendent of the Eel River division of the Wabash, with headquarters at Logansport, Ind.

The Continental limited on the Wabash struck and killed a three-year-old girl, named Logan, three miles west of South Whitley, Sunday. The little tot was sitting in the middle of the tracks and her body was horribly mangled.

James A. Conroy, a Wabash boilermaker, met with a painful accident yesterday while at work at the shop. He was struck over the eye by a piece of boiler iron, and a deep gash was inflicted. He was attended by the company surgeon.

The Philadelphia and Reading's sixty-minute train between Camden and Atlantic City celebrated its initial run last week by making the run, fifty-five and one-half miles, in forty-five and one-fourth minutes, a minute and a quarter quicker than the best time made last season.

A Wabash train had a narrow escape from wreck at Roann last Friday. The accident was averted by a farmer, who flagged the train. A foot or more of one of the rails was broken out and had the train attempted to pass over the breach a wreck would have been the result.

The Keystone Bridge company last week was given a contract to build a bridge 1,600 feet long across the Allegheny river at Moss Grove on the Buffalo, Rochester and Pittsburg road. The bridge will rest 125 feet above the stream. In its construction 2,500 tons of steel will be used and it is to cost $150,000.

The funeral of the late Conrad Schwehn, whose death was announced yesterday, will take place tomorrow afternoon, at 1:30, from his late residence, and at 2 o'clock from Trinity Lutheran church. Many of the Wabash shopmen, who were shopmates of Mr. Schwehn for so many years, will attend the funeral.

The change of date for their excursion was made at the request of the Wabash shopmen. As now arranged the excursion will come off next Saturday. The men await the day with anticipation of one of the most pleasant excursions they ever enjoyed. Those who do not care to go to Detroit can stop in Toledo, of course, but there will be few of that class.

The Wabash has arranged for the fast steamer "City of Toledo" to carry its excursionists from Toledo and return next Saturday. The boat will arrive in Detroit at 1:15 p. m. and leave at 5 o'clock, giving plenty of time to look around Detroit. Passenger Agent Thompson advises that but 500 tickets will be sold so that all who wish to go had better procure tickets Friday.

The Grand Rapids and Indiana road announces an excursion to Cincinnati next Sunday. The train will leave Fort Wayne at 2:40 in the morning, and return at 11:35 the following night. The excursionists will have twelve hours in the Queen City. Superintendent J. W. Hunter promises those who go on the excursion a nice ride, the train being scheduled very high both directions.

Threatened Thunder Storm Did Not Keep People From Robison Park.

It takes something worse than a thunder storm or a hot day to keep people away from Robison park. Last night the attendance was again very good under the circumstances. By the burning out of a fuse in the electric apparatus a little delay was caused during the electric dances of Ameta, but she made her usual hit just the same. The E'lagante club had a pleasant time in the big pavilion and danced merrily all evening to the music of the orchestrion. Tonight the regular Tuesday evening dance program will be given in the dancing pavilion from 8 to 10:30. On Saturday the Wayne Knitting mills will give their annual excursion and there will be dancing afternoon and evening. Yesterday notice was received from Findlay that a big shop excursion would come in on Thursday. The shop employs 400 persons and the whole outfit will come to Robison park. Sunday will be the big day when all the Germans of northern Indiana are expected to congregate.

THE FIGHT AT SANTIAGO.

Valor of American Troops Manifested on Many Bloody Fields.

The battles around Santiago, leading principally to the siege and capitulation of the city, have served again to demonstrate the valor, persistence and sagacity of the American soldier, and to prove that in fighting qualities our troops are the best in the world. Our country may depend upon the volunteers whose loyalty, and brawn, and bravery, and willingness to dare and do, constitute a wall of strength that no power of opposing nations can throw down, while intelligance, mercy and fullest appreciation of liberty make them invincible in war, and watchful, zealous and home-loving in peace. Our conflict with Spain has taught the younger generation especially the importance of studying our country's history, which will be found as interesting and heroic as that of Rome or Greece or England. A most effective aid to this duty may be found in "Our Nation in War," a portfolio of extraordinary value which THE SENTINEL is now distributing. This truly remarkable publication, 13½x11 inches in size, is issued in parts of sixteen pages each, and is devoted to illustrating and briefly describing the greatest battles by land and sea, and the most astounding feats of heroism performed by our gallant soldiery in all the wars since that of 1776, including, of course, the battles with Spain. Can be had at this office at 10c per copy or they will be mailed on receipt of price. 26eod3t

A Cure for Dyspepsia.

I was troubled with liver trouble, and my stomach was out of order, and after eating my breakfast would throw up what I eat. It went on this way for about two years. At last, after trying other remedies without any good effect, I was induced to try Ramon's Liver Pills and Tonic Pellets. After using one or two boxes I found myself in a healthy condition. I use them occasionally yet, always when in need of pills. I consider them the best pill on the market, and feel safe in saying that they are the finest things ever used.—John Livesay, Luther, Hancock Co., Tenn.

LOCAL NEWS.

Born, to Mr. and Mrs. A. L. Babcock, of No. 68 Charles street—a daughter.

Mrs. Jennie Rich and children, Clarence and Lelia, are in Chicago, the guests of Dr. Staugh, where they will remain for a week.

Prof. J. N. Study is expected home this evening from Lake George, N. Y., where he has been spending part of his vacation.

Carl P. Swain has returned from an extensive trip throughout the west. He met several former Fort Wayne people in Seattle, Wash.

The congregation of the Westminster church will give a picnic at Swinney park next Friday afternoon, as a farewell to Mr. Bodell and family.

Thursday evening a lawn social will be given for Bethel Mission at Bush's homestead, east of F. M. Y. school. Driving park car will take guests to the house.

Last evening the Epworth league of the St. Paul M. E. church had one of the most successful meetings in the history of the society. Seventeen young people were received to membership. The attendance was large and the meeting very enthusiastic.

A semi-centennial birthday anniversary was celebrated by Mrs. L. D. McNutt at her residence last evening in a very pleasant manner. The members of the lodge of Chosen Friends, of which she is a member, called and in behalf of the lodge Dr. Derbyshire presented a beautiful order pin to the hostess. Dr. Derbyshire's remarks were well fitted for the occasion, and the evening was spent in social amusements, refreshments being served at a late hour.

Ivers Leonard has been notified that he is now a lieutenant in the regular army of the United States. Lieutenant Leonard passed a rigid examination at Leavenworth and was one of a very few out of a class of fifty that passed with the required grade and who will be commissioned. The lieutenant's average was 86 9-10 per cent. and an average of 70 was necessary to pass. He expects to be assigned to duty soon but has no idea what department of the army he will be with.

SPY FOOLS THE SPANIARDS.

Special Government Agent Sees Camara's Fleet Depart.

LONDON, July 26.—Diplomats and military and naval men are talking of little else now than of the remarkable exploits of a United States spy who was lionized in Madrid and Cadiz, and even dined with Admiral Camara before the now celebrated "Suez canal squadron" sailed from Cadiz.

This spy, or "confidential agent of the United States government," was a West Pointer, holding a commission as captain of the Second Texas rangers. His true name has not been disclosed. In Madrid he was Fernandez Del Campo. He arrived in Madrid seven or eight weeks ago in the guise of a wealthy Mexican gentleman.

He hired a suite of rooms on the first floor in the finest hotel of the Spanish capital, and was soon a great favorite in society, and was known, by reputation at least, in every Madrid drawing-room.

Fernandez Del Campo spent a month between Cadiz, the dock yards at Carraca and the arsenal at San Fernando. He stayed in Cadiz for a day or two after the departure of Camara's squadron. He witnessed this event on board one of the admiralty's launches.

One morning three Spanish gentlemen were walking up and down in front of the Hotel de Paris as if they were waiting for somebody. They were detectives sent to arrest him. A week later he was in Tangier speaking remarkably good English for a "Mexican."

WILL BECOME TRANSPORTS.

Canadian Pacific Company's Steamers Tartar and Athenia to be Transferred.

SAN FRANCISCO, July 26.—A special to the Chronicle from Vancouver, B. C., states that the Canadian Pacific railroad company's steamships Tartar and Athenia are anchored in Vancouver harbor, having been taken off the Klondike route. Their stores are being removed and they are to become United States transports.

As they are British naval reserve boats they cannot be transferred to the American government directly, so that they will pass through the hands of the Pacific Coast Steamship company before being converted into troopships by Uncle Sam. The Athenia is registered as 4,600 tons and is constructed to carry 1,500 men, and the Tartar is a 4,000 ton ship, built to accommodate 1,200. Both ships can travel seventeen knots an hour.

FINES FOR WHITE CAPS.

Four Men Fined $40 Each for Whipping a Wife Beater.

WABASH, Ind., July 26.—Justice Alward, at Pierceton, has fined four White Caps for dragging William Keller, a wife beater, from his bed and giving him fifty lashes, $40 each. The defendants were Harry Soash, William O. Soash, Frank Long and Charles Guy.

The first three pleaded guilty and the last stood trial. An army of witnesses was subpœnaed. It developed on the trial that Guy and William Soash organized the band and that the others did the whipping.

Oliver Keller, a son of the victim of the white capping, was among his father's assailants, and a warrant was sworn out for him, but he has disappeared.

A Judge Shot on the Bench.

MANCHESTER, Eng., July 26.—While Judge Parry, of the county court, was delivering judgement cancelling the commission of Court Bailiff Taylor for misconduct, the latter drew a revolver and fired three shots at the judge. It is feared Judge Parry's injuries will prove fatal.

WHAT A WOMAN CAN DO.

One Was the Cause of a Fight at Which Five Men Were Hurt.

MCARTHUR, Ohio, July 26.—A fight over a woman at a festival last night at Elko, a mining village near here, resulted in five men being seriously wounded and many slightly injured. Those seriously hurt are:

Wm. Crow, cut in seven places, will die.

Frank Trimmer, shot in leg, hand and head.

Lewis Yeager, thumb cut off.

David Anderson, stabbed and struck on head with slung shot.

Lewis Anderson cut and bruised about head and face.

This Will be a Week

Where we crowd two important sales into one and make it bigger for it.....

The Week Before Inventory!

THE ALTERATION SALE.

All classes of summer goods will be reduced at a price that will make the inventory of them any easy job.

There will be bargains in all domestic cottons, prints, sheetings, shirtings, outings, tickings, ginghams, etc., a price decided enough for you to realize your bargain.

Low prices on muslin underwear. Prices low enough to woo you for the forsaking of home sewing. This includes Ladies' and Misses' Petticoats, gowns, drawers, corset covers, chemise, children's white dresses and skirts.

Housekeeping Linens come in for the touch of lower prices. Turkish Towels and Linen Towels, Table Linens, Napkins, Quilts, etc. Shirt Waists, the needed kind—white. This week's climax in your favor—and they're new too and pretty.

75c Waists at 48c. $1.25 Waists at 69c.
$1.50 Waists at 89c. $2.25 Waists at $1.48.
$4.00 Waists at $2.00 and so on the entire line.

This week there'll be trouble for the Gents' Furnishing people. We've got to crowd up some so-called Men's Furnishing Goods. Shirts too, will be sold at a reduction in price.

12c to 20c Organdies and Dimities, 6¼c a yard.
8¼c Percales at 5c. 12c Percales at 8c.

There's splendid picking for Waists in the Silk department. Reduction in prices, small lengths at half. All Perfumes, Soaps and Toilet Articles sold at a reduction.

Butterick's New Patterns are ready.

The Rurode Dry Goods Co.

A very pleasant birthday party was given at the home of Mrs. Louise Robs in honor of her nephew, Louis Brandt. An elaborate supper was served at 6 o'clock and in the evening ice cream and cake were enjoyed.

THE DEATH ANGEL

Invades Two Homes and Takes Members Therefrom.

Miss Emilie Tyler Stricken With Stomach Disease—William F. Heine Succumbs to Heart Trouble.

Shortly after 5 o'clock last evening a telegram from West Lebanon conveyed to the employes of the Wabash ticket and freight offices at this place the sad intelligence that Miss Emilie Tyler had just died. The young lady was taken with an affection of the stomach about two weeks ago, and failing to get relief from the malady, she requested to be taken home, where she could be under her mother's care and be treated by the old family physician. She was taken to West Lebanon one week ago today, being accompanied on the journey by her sister, Mrs. C. E. Jones, and Dr. Campbell, who came here for that purpose. The change did not bring the desired results and since that day Miss Tyler grew steadily worse until her sufferings ended in death. The end came at 5:15 o'clock yesterday afternoon.

Miss Tyler was twenty-eight years old. She was a native of West Lebanon, where her mother and two sisters now reside. For seven years Miss Tyler had charge of the Wabash telegraph office in this city during the day. She was an expert operator and ranked as one of the best in the employ of the company. She possessed a genial disposition and pleasing address which made friends for her while it endeared her to those with whom she daily associated. While in this city Miss Tyler made her home with Mrs. Frank Weldon, at 16 Brackenridge street. She was treated by the members of that family as if she was one of them and the news of her death created profound sorrow in the hearts of Mrs. Weldon and her children.

The funeral services over the remains will be held tomorrow after noon, at 2 o'clock, at West Lebanon. The attaches of the Wabash ticket and freight offices at noon today forwarded to West Lebanon a tribute to the memory of the dead in the shape of two fine floral pieces, a harp and a spray.

WILLIAM F. HEINE DIES SUDDENLY.

At midnight the death angel entered the Heine home, 167 Hanna street, and removed therefrom the head of the family, William F. Heine. The cause of death was heart and stomach disease. The deceased had been ailing only a short time, and his demise came suddenly and unexpectedly. A week ago Mr. Heine was taken with sharp pains in the side and across the stomach and he remarked to a shopmate that he believed the malady was caused by drinking too freely of ice water. He went home to remain until he was better. For the past three days he felt first-rate and last night at 10 o'clock he retired feeling, as he said, much better than he had since he was taken sick. Shortly after 12 o'clock Mrs. Heine awoke and heard her husband breathing heavily. She tried to arouse him, but failed, and Dr. McCausland was called. Before the doctor reached the bedside, however, Mr. Heine breathed his last.

The deceased leaves a wife and seven children. He was about sixty-five years old and was born in Germany. When he was nine years old his parents came to America and soon afterwards settled on a farm three miles east of Fort Wayne. When Mr. Heine arrived at the age of twenty years he left the farm and came to the city to learn the trade of coffin making with the late Mr. Schoppman. Afterwards he was employed for two or three years in the H. G. Olds & Sons spoke factory. Thirty-one years ago he took a position in the Pittsburg round house and worked continuously for the company up to the time of his last illness. For six or seven years he had charge of the oil house. He was a member of St. Paul's Lutheran church, from which the funeral will be held.

LIFE'S WORK IS DONE

Mrs. Hugh McCulloch Passes to the Great Beyond.

Died at the Home of Her Daughter in Sparkill, N. Y.—The Remains Will be Buried Beside the Honored Husband.

A telegram received yesterday afternoon by Charles McCulloch announced the death of his mother, Mrs. Hugh McCulloch, which occurred Monday noon at Sparkill, N. Y., at the home of her daughter, Mrs. John B. Yale. Mr. McCulloch left last evening to attend the funeral, which will occur tomorrow afternoon.

Mrs. Susan Mann McCulloch was the widow of the late Hon. Hugh McCulloch, and was born in Plattsburg, N. Y., May 13, 1818. In the year '36, Mrs. McCulloch, then Miss Mann, came in company with a Miss Hubbell, afterward Mrs. Royal W. Taylor, to Fort Wayne. The ladies came from Maumee, Ohio, in the primitive conveyance of the times, called a "pirogue"—a log canoe—and were landed near the grounds of the Old Fort, which was standing at that time. Miss Mann and Miss Hubbell began teaching school soon after their arrival, in a room of the old court house, and later in the basement of the First Presbyterian church, which was then located on the corner of Berry and Lafayette streets. Mrs. Mary Wheeler, Mrs. Edward Colerick and Louis Bourie are among the living pupils who were instructed by Mrs. McCulloch in those early days.

It was in this city and during the following two years that Mrs. McCulloch met and loved Hugh McCulloch, to whom she was married in 1838 at her home in Plattsburg. Four children were born to them, Charles, the well known banker, of this city; Fred, who lives in Howardsville, Va.; Louise, Mrs. Yale, of Sparkill, N. Y., and Mary, now Mrs. Marshall, who resides in Boston. After her marriage Mrs. McCulloch was a resident of this city for a number of years, and was identified with many of the struggles and successes of the pioneer days. She was one of the organizers and earliest members of the Presbyterian church, now known as Westminster, which was founded by Rev. Henry Ward Beecher, and whose first pastor, Rev. Charles Beecher, was a brother of that noted divine. After Mr. McCulloch's pronounced abilities as a statesman and financier led him to remove his family to Washington to live permanently, Mrs. McCulloch became identified with the Episcopal church, of which she was a communicant at the time of her death.

In 1888 Mr. and Mrs. McCulloch celebrated their golden wedding, and it was several years after that notable event before the angel of death claimed the companion of her life. Mrs. McCulloch was always progressive, always keenly alert to the cultivation of noble faculties of mind and spirit which she possessed, and she retained her physical vigor to within a short time of her death. It was while traveling in Italy, two years ago, that she was made seriously aware of the complaint which was not curable but which she was able to withstand, with good care, for so many months. Mrs. McCulloch's last visit to this city was about five years ago.

The remains will be laid to rest beside those of Mr. McCulloch, in Rock Creek cemetery, which is within a few miles of the McCulloch home in Sparkill.

FOR THE TAMPA BOYS

The Lawn Social Will be Given at the Hamilton Homestead.

The Proceeds Will be Divided Between the Members of Companies B and G—Some Donations.

The ladies having charge of the lawn social to be given for the benefit of the soldier boys at Tampa at the Hamilton homestead tomorrow evening, are encouraged at the prospects which indicate that the event will be a complete success. While Mrs. Reese and Mrs. Fonner are the originators of the affair they have called to their assistance ladies who have sons, husbands, brothers or lovers in both companies B and G. Among those who will assist in entertaining the visitors are Mrs. Meyers, mother of Captain Meyers, of Company G; Miss Mc Leod, sister of Lieutenant McLeod; Mrs. Hartwig, who has a son in company G, Mrs. Alderman and many others. The proceeds of the social are to be divided between the companies of Captain Reese and Captain Meyers and will be used to purchase some of the comforts and luxuries of life which they have been unable to enjoy since enlisting in the volunteer army. There has been a liberal response to the ladies' efforts and donations have been quite liberal. Among the persons who have made donations of money are Hubert Berghoff, Mayor Scherer, Charles Orr and H. C. Berghoff. The lawn when lighted by the innumerable incandescent lamps will present a most beautiful appearance and the City band will render some of its finest music. Miss Hamilton will throw open the gates on all sides of the handsome lawn, which is bounded by Lewis, Clinton, Montgomery and Barr streets. Many a silver dollar and $5 gold piece should be dropped in the contribution box for a dish or two of ice cream.

How to Keep Cool.

Tuesday evening take street cars from any part of the city, transfer to Belt line south, leave car at corner of Calhoun and William streets, go west one-half square to the residence of Mr. and Mrs. E. MILES HAS LANDED.

The Porto Rican Expedition Goes Ashore at Port Guanica.

FIGHT WITH SPANISH, BUT NO ONE KILLED.

(Copyright, 1898, by the Associated Press.)

PORT OF GUANICA, Island of Porto Rico, July 25, 2 p. m., via the Island of St. Thomas, Danish West Indies, July 26, morning.—The United States military expedition under the command of Major General Nelson A. Miles, commanding the army of the United States, which left Guantanamo bay during the evening of Thursday last, July 21, was landed here successfully today after a skirmish between a detachment of the Spanish troops and a crew of thirty belonging to the launch of the United States auxiliary gunboat Gloucester, formerly J. Pierpont Morgan's steam yacht Corsair.

Four of the Spaniards were killed and no Americans were hurt. The troops were pushed forward promptly in order to capture the railroad leading to Ponce, which is only about ten miles east of this place.

WAITING FOR WORD FROM GENERAL MILES.

WASHINGTON, July 26.—The government is waiting to receive confirmation of the reported debarkation of General Miles' troops. The war department did not expect to hear of General Miles landing near Ponce, as mentioned in newspaper dispatches, but it is admitted that General Miles is master of his own movements and it is entirely conceivable that he acquired information since the original plans were formed for the campaign against Porto Rico that led him to modify them in a moment when they were to be put into execution.

While the distance from Ponce to San Juan is much greater than from the point originally selected for Miles' landing, there is, according to the military information charts a splendid fourteen-foot macadamized road leading directly across the island to San Juan on the north shore.

Such a road as this, if it is properly described in the archieves of the war department, would be very little affected by the torrential rains of this season, so that it might be possible for our troops, accompanied, as they will be, by field artillery, to make the march across the seventy miles between Ponce and San Juan in less time than would have been required to cover the much shorter distance between the capital and some of the other points that have been named as the landing place for troops.

Wherever the landing may have been made, the war department expects to hear from General Miles very soon, for he has been long enough on the coast of Porto Rico to have established himself somewhere ashore and to have forwarded some communication to the government.

There will be no difficulty in the prompt transmission of any dispatches the general may file over the cable at St. Thomas. It is probable that in the beginning the government at Madrid will be in advance with the news. This is because there is a cable running from Ponce around through a group of the West India islands to Kingston, where communications with the trans-Atlantic cable can be had. Thus, the conditions at Ponce, so far as cable connections are concerned, approximate those existing at Santiago at the beginning of the campaign when the Spanish government was able to communicate directly with the Spanish general in the town, while General Shafter's communications were subject to a delay of about twenty-four hours.

However, all this will be rectified in the course of a few days, and General Miles will be in quick communication with Washington.

INTERESTING NEWS FROM GUANTANAMO.

GUANTANAMO BAY, Santiago de Cuba, July 26.—The Prairie arrived here from Nipe Bay last evening and reported all quiet. The Spaniards last evening sunk the Spanish gunboat Santoval, which had been lying near Caimaners. This is looked upon as being a gross breach of the terms of the surrender, which the Spaniards then had knowledge of, and especially considering the fact that food has been sent by the United States navy into Caimaners. First Sergeant of Marines Kianie, of the New York, went north yesterday evening on the Texas to get his commission as second lieutenant of marines.

This is almost the only case of such promotion on record in this branch of the service.

The Montgomery left yesterday evening. It is difficult to see how the large body of Spanish troops at Holguin can fail to surrender very soon, although reinforced by the Spanish forces from Gibara. Holguin is one of the commanding points in eastern Cuba, and the surrender of its garrison will be an important event in the war. News from there is expected shortly, and upon it will depend some of the plans of our commanders.

The Vixen and Suwanee returned to Santiago yesterday morning, convoying the prize ships brought here for disinfection.

The main body of the fleet is here cooling and cleaning as well as the facilities of the bay permit. The Texas will leave for New York shortly in order to undergo repairs.

The movement of the other ships under Rear Admiral Sampson's command, except those engaged in the Porto Rico expedition, depend upon the decisions of the authorities at Washington, and the impression is growing among the naval officers of high rank in these waters that it is not advisable to send a fleet to Spain without previously enabling the ships to undergo thorough preparations, including going into dry dock in several cases.

The list of vessels in Guantanamo Bay include the flagship New York, the Brooklyn, Iowa, Indiana, Oregon, Marblehead, Detroit, Newark, Yankee, Yankton, Hornet, Ericsson, Rogers, Wampatuck, Samoset, Vesuvius, Celtic, Vulcan, Alvarado, government colliers and one transport.

A Boston fruit steamer arrived here yesterday morning loaded with fruit, in consequence of a request upon the part of Admiral Sampson, but the steamer refused to sell anything and each ship was given a supply of fruit, which was much appreciated.

No news has been received here from Porto Rico.

Colonel Ewers, who was sent by General Shafter to receive the surrender of the 4,000 Spanish troops at Guantanamo arrived here on Sunday night with two of General Toral's officers and proceeded to Caimanera and Guantanamo yesterday. The colonel expected to return last night. It is said that 1,700 of the Spanish troops of the Guantanamo district are on the sick list. After they have surrendered the work of tending the sick, feeding the healthy and maintaining order among the prisoners will probably devolve upon the navy.

The Nipe Bay engagement was quite hot, but there were no casualties on the American side. The Spanish gunboat Jorge Juan was riddled by our shells. It is believed that about 200 men deserted from her after opening the Kingston valves.

A fleet bulletin just issued in regard to the investigation of the navy's shells at the bombardment at Santiago de Cuba says:

"Twelve houses were completly wrecked inside, and one house was burned. Sixteen eight inch shells struck withinn three blocks on the Calle de Marina. These excavated the ground to a depth of about four feet and to a length of about ten feet. The street was macadamized. It is judged from the fact that many of them struck near the water's edge that a number of shells must have gone into the bay. Army officers have stated that thirty or forty went beyond the northern edge of the bay into the Spanish lines.

"A dozen or more of the shells had not exploded. In four of them the base had been simply blown out. In one case a four-inch shell, which was probably a stray shell fired during the demonstration at Aguadores on July 1, had gone through a tree and had exploded in the ground beyond.

"When the severe effect of the eight-inch shells is considered, it is a matter for congratulation that it was not necessary to continue the bombardment longer and fire thirteen-inch shells, as the squadron had prepared to do. The effect of these latter would undoubtedly have been of a most disastrous character to the town. The board has completed its investigation and will make a detailed report later."

TRUTH SUPPRESSED.

Spanish Censorship Hides Real Conditions.

Affairs are in a Most Distressing State.

Army Cannot be Relied Upon to Hold People at Bay.

Queen Regent is Bending Every Effort to End the War, But Without Much Hope of Success.

NEW YORK, July 26.—A dispatch to the Tribune from Paris says:

The cast-iron severity of the Spanish censorship prevents the exact situation at Madrid from being disclosed except through private channels. Any newspaper correspondents at Madrid suspected of even hinting at the true state of affairs known to prevail there would be imprisoned or expelled. Under these circumstances grave importance attaches to a Madrid letter of Saturday's date, received here today by a French diplomatist well known on both sides of the Atlantic.

The Tribune correspondent is unfortunately not at liberty to mention the name of the writer of the letter, whose opportunities for ascertaining the truth at Madrid are unsurpassed, but is authorized to cable the following summary of its contents:

"Madrid, Saturday, July 23.—The situation is far more critical than at any previous time since the war began. On the surface the habitual indifference of all classes of the people to the national disaster seems to continue.

"Social entertainments, popular amusements and bull fights go on as merrily as ever, but this apparent apathy is merely superficial.

"The slightest incident may at any moment precipitate a crisis and plunge the country into revolution. The news which reached here Thursday of the postponement of the departure of Watson's squadron is regarded as a definite abandonment of that expedition and causes an immense relief to the Spanish cabinet.

"Sagasta is powerless either to carry on the war effectively or to conclude peace. The question of the war is thrown into the background by the urgency of dynastic considerations and by measures to avert a military pronunciamento, backed by a popular uprising.

"The spectre of revolution has momentarily restrained the Carlists in the northern provinces, but has forced Sagasta to put his whole trust in the leaders of the army. The generals are now absolute masters at Madrid, and are likely to cast aside Sagasta as soon as they have no further use for him.

"The artillery is the most democratic as well as the most efficient branch of the military service and has always been early in taking an active part in any republican movement to overturn a dynasty.

"Today the entire artillery force of the garrison of Madrid is openly hostile to the government and if ordered to fire on the people would certainly refuse to do so and would fraternize with the insurgents.

"Several infantry regiments, when the emergency arises, are also ready to follow the example of the artillery.

"The disaffection of the army increases day by day. Officers of every grade accuse the ministry of incapacity in conducting the war and charge them above all with criminal neglect in failing to supply the Santiago force with food and ammunition.

"General Polaviejo, a thoroughly honest, loyal soldier of the old school, whose devotion to the queen regent is beyond reproach, has had long conferences with the queen, Sagasta and the leaders of the opposition. Polavieja is the last hope of the dynasty. This blunt but genial soldier still retains a certain influence with the army, but those who ought to know best say that when the time comes he can no more stem the popular tide than could Marshal Bugeaud have prevented the Paris revolution of 1848 from sweeping away Louis Philippe.

"Not a day passes without the emperor of Austria exerting his strong personal influence with the queen regent, urging her to make peace at once, no matter at what sacrifice; for, in his opinion, the only salvation of the dynasty depends upon her ability to do so, and he points out that the longer peace is delayed so much the more intense will be the internal explosion which is the real danger to the dynasty.

"The queen is most anxious to act upon the emperor's advice, and her great hope is that Polavieja will succeed in obtaining the assent of the army to permit the cabinet to make such direct offers of peace to Washington as would be acceptable here.

"But whether Polavieja will be able to exert the necessary influence with the military leaders or not is considered more than doubtful.

"To make the outlook still more dismal, it is known that in spite of explicit official denials republican discontent is spreading at an alarming pace in Cordova, Valencia, Murcia and Huelva."

TAKING OUR PULSE.

Spain Feeling Her Way to Begin Negotiations for Peace.

REPORTS FROM VATICAN SO REGARDED.

WASHINGTON, July 26.—The reported statement from the Vatican of what purports to be terms of peace acceptable to both the United States and Spain is set down here as only one of the many "feelers" that have been thrown out within the past two weeks, probably to test public feeling in the United States primarily, and secondarily to break slowly to the masses of the Spanish people the realization of their complete defeat, something of which they are not yet aware because of the superhuman efforts put forth by the Spanish government to suppress or prevent the news of actual events.

It is suspected here that the condition named the annexation to the United States of Cuba and Porto Rico and the relinquishment to Spain of the Philippines, represent what may be now looked upon as the maximum concessions that Spain is willing to make.

From this point of view the statement is not discouraging, though, of course, it must be realized that the Spanish maximum is very far below the American minimum.

Still there must be some starting point for negotiations that will in the end lead up to peace, and therefore the publication of these various "feelers" is not deprecated by our government though so far it can be positively asserted, they have no basis of fact, at least on this side of the Atlantic.

DETAILED REPORT OF SHAFTER'S LOSSES.

WASHINGTON, July 26.—General Shafter's detailed report of the American casualities in the battle of Santiago has been received at the war department and is now being prepared for publication.

The total number of casualties was 1,595. Recapitulated, the American losses were:

Killed, 23 officers and 208 enlisted men; wounded, 80 officers and 1,203 men; missing, 81 men.

The missing are supposed to be dead, as, so far as known, the Spanish forces took no prisoners.

In the first division, Major General Kent commanding, the casualties were as follows:

First Brigade, consisting of the Sixth and Sixteenth Infantry—Seventy-first New York, 10 killed, 5 officers and 40 men; wounded fourteen officers and 262 men; missing, 50 men.

Second Brigade, consisting of the Second, Tenth and Twenty-first Infantry—Killed, one officer and 17 men; wounded, 10 officers and 114 men; missing, 3 men.

Third Brigade, consisting of the Ninth, Thirteenth and Twenty-fourth Infantry—Killed, 6 officers and 30 men; wounded, 11 officers and 186 men; missing, 9 men.

Second Division, Major-General Lawton, commanding:

First Brigade, consisting of the Eighth and Twenty-second Infantry and the Second Massachusetts—Killed, 1 officer and 15 men; wounded, 8 officers and 111 men.

Second brigade, consisting of the First, Fourth and Twenty-fifth infantry—Killed, 2 officers and 14 men; wounded, 5 officers and 55 men; missing, 1 man.

Third brigade, consisting of the Seventh, Twelfth and Seventeenth infantry—Killed, 2 officers and 45 men; wounded, 3 officers and 148 men; missing, 1 man.

Cavalry division, Major General Wheeler, commanding:

First brigade, consisting of the Third, Sixth and Ninth cavalry—Killed, 2 officers and 9 men; wounded, 12 officers and 113 men; missing, 4 men.

Second brigade, consisting of the First and Tenth cavalry and the Rough Riders—Killed, 4 officers and 30 men; wounded, 13 officers and 179 men; missing, 8 men.

Light battery battalion—Killed, 3 men; wounded, 1 officer and 8 men.

GRIM FAMINE IN GUANTANAMO CITY.

(Correspondence of the Associated Press.)

GUANTANAMO HARBOR, July 17.—Grim famine in Guantanamo City and its environs is added the ravages of yellow fever, which seems to be much more virulent in type than it is farther westward.

Deaths from yellow jack average fifteen per day. This report is official from Pereze himself.

Strick military quarantine is observed here and Commander McCalla, of the Marblehead, is infinitely more strict than any health officers the states can boast.

General Miles, who came here on the Yale this morning, was not allowed to land until he had shown a medical certificate to the effect that immediately upon his visit to the Santiago army his person and his apparel has been thoroughly fumigated. The general of the army having gone so far as to sacrifice his mustache to the exigencies of the occasion, whatever the deprivation may attach for his health, it has certainly so changed his appearance as to make him almost unrecognizable until you come within speaking distance.

The troops on the Yale are, of course, heartily sick of the enforced seclusion which their vessel grants, but are all the more healthy for being kept afloat and so much the more likely to be effective at Porto Rico. Troops are held also on the cruiser Columbia and the old Spanish prize (now converted into a United States transport) Rita.

The latter has the yellow flag on her foretop mast but this only means that some one on board landed at Siboney and that there is one case of typhoid on the sick report.

GUANTANAMO HAS BEEN OCCUPIED.

SANTIAGO DE CUBA, July 26.—The First United States infantry, under Lieutenant Colonel Bisbee, went to Guantanamo yesterday afternoon in order to occupy that place.

General Shafter and staff left yesterday for Camp Wood. The military governor, General Wood, remains here.

Company F, of the Thirty-third Michigan volunteers, will publish today, with General Shafter's consent, the first American paper published in Cuba. It is edited and printed by members of the company and will bear the title, "Company F Enterprise."

SHAFTER REPORTS 500 NEW CASES OF FEVER.

WASHINGTON, July 26.—In a dispatch to the war department last night General Shafter reports that about 500 new cases of fever developed in his corps at Santiago yesterday. This number includes, of course, all classes of fevers, probably some cases of genuine yellow fever.

Only one death is reported, that one being from yellow fever. The cheering intelligence is conveyed that the situation is improving and that about 450 men who have been ill have returned to duty.

The dispatch, as posted by the war department, follows:

"Santiago, July 25.—Adjutant General, U. S. A., Washington:—Number of fever cases on the 24th inst., about 500. At least 450 returned to duty. Actual figures will be given hereafter. Notwithstanding figures, situation seems somewhat improved. One death, Sergeant J. Larnenn, troop C, Third cavalry, yellow fever, Siboney.

"SHAFTER, Major General."

As heretofore indicated by General Shafter and the medical officers of his corps, the cases of fever are of a notably mild type. The patients are ill from three days to a week and then return to duty quite as well as ever. The medical officers concur in the opinion that this fever renders the men immune, for the time at least, to yellow fever.

OHIO REGIMENTS GET ORDERS TO THE FRONT.

WASHINGTON, July 26.—Orders will be issued today for the First, Third and Fifth Ohio regiments, at Tampa, Fla., to prepare for service in Porto Rico. Arrangements will be made as soon as possible for their transportation.

These troops were in the original list for service in the Porto Rican campaign, but were crowded out by troops from southern states which claimed priority of selection.

GOVERNOR APPEALED TO.

State Board of Charities Urge Necessity of Some Prison Reforms.

INDIANAPOLIS, July 26.—The state board of charities was in session yesterday and called the attention of Governor Mount to some needed reforms in the state institutions. Among other things, the board objects to throwing the prisons and reformatories open to excursionists and having them staring at the convicts. The board says the practice is humiliating and demoralizing. There was complaint also about the management of the insane hospital at Evansville, the board feeling that Superintendent Mason is not keeping the institution up to the standard of some of the others, and recommending that he visit other institutions and inquire into their methods.

GET AWAY TODAY.

Gen. Fred Grant's Brigade Leaves Camp Thomas.

Other Regiments are Waiting for the Word.

Soldiers are Getting Vigorous Drill Work.

Rifle Teams From Each of the Regiments Competing Today for the Honors of Marksmanship.

CHICKAMAUGA, National Military Park, Tenn., July 26.—The third brigade, first division, first corps is expected to leave Camp Thomas at an early hour tomorrow for Newport News. This brigade is commanded by Brigadier-General Fred Grant and is composed of the First Kentucky, Third Kentucky and Fifth Illinois. The brigade will be accompanied by the Third battalion of the Sixteenth Pennsylvania, which arrived after the departure of the regiment for Porto Rico.

The four commands will march five miles to Rossville, there to load. The route to Newport News will be over the Queen and Crescent and Chesapeake and Ohio, via Lexington, Ky., and Richmond, Va.

With the exception of the regiments which go out tomorrow and which are busy today packing, all commands are hard at work drilling.

The weather is cool and pleasant and it is being fully taken advantage of.

Late this afternoon there will be two highly interesting shooting contests in which a team of twelve men from each regiment of the first and second divisions will participate. The contests will decide which regiment of the division is entitled to be known as having the finest team.

The firing will be at a distance of 150 yards and each man will be entitled to ten shots.

There is much interest in the contest and there is perhaps not a team of marksmen that does not feel confident of winning.

Major Sunk, chief engineer of the Second division, First corps, is now lecturing the commissioned and non-commissioned officers on the art of constructing hasty field fortifications.

The officers are deeply interested in this important feature of the service and are gaining many valuable points from Major Shunk's clear and forcible talks.

Major Nye, commissary of subsistence of the local military supply depot, has shipped eighty cars of provisions to the park during the last forty-eight hours.

Judging from these heavy shipments it would appear as though more troops would shortly arrive at the park.

Major Nye has not received any orders up to the present writing to provide "travel rations" for troops that are going to leave the park. Nineteen cars of potatoes arrived from Columbia, Tenn., today.

An enormous quantity of letter mail is now being handled at the Chickamauga postal station of the Chickamauga postoffice.

All of the soldiers' mail goes to this office and all civilian mail is sent to the Lytle, Ga., postoffice. At the Chickamauga station branch over 180,000 letters are handled each day. This includes both the incoming and outgoing mails, requiring a force of seventeen clerks to distribute and make up the mails. In addition to these letters an average of 25,050 mail packages, including papers, boxes, etc., are handled each day. This makes up over 200 sacks of paper mail every twenty-four hours. The mails are now being received and dispatched without delay and much credit is due the postal authorities.

Dr. C. M. Drake, former chief surgeon of the Southern railway, has been transferred from the Third corps to take charge of the First division, First corps hospital. There are a number of patients in this hospital left by the commands which are now en route to Porto Rico.

Troop M, First Illinois cavalry from Chicago, has been named by General Wade as his guard of honor. The guard will go on duty as soon as General Wade decides upon the location of his headquarters.

ENJOYED AN OUTING.

W. C. T. U. of Churubusco Have an Excursion to Robison Park.

The members of the Women's Christian Temperance union of Churubusco came to Fort Wayne today enroute to Robison park, where they enjoyed an outing. The party was in jolly mood and made the most of their time at the park. The following ladies were in the party:

Mesdames J. H. Grisamer, John Bryan, Mary Coulter, Dr. Squiers, Esther Douglas, L. Doughy, Mease, I. Thompson, N. Metsker, W. Witham, O. Deardorff, N. Potter; Misses Maggie Coulter, Blanche Bryan, Mary Keen, Laura Douglas.

The D'Galantes had their first summer dance last evening at Robison park. The dancers had use of the large pavilion and two-stepped to the lively tunes of the orchestrion. Twenty-one couples gracefully wended their way in the grand march and over fifty were present. Mr. and Mrs. Cragg and Mr. and Mrs. Benoy were the chaperons.

PEACE IN SIGHT.

Negotiations Opened by the Ambassador From France.

HAS A CONFERENCE WITH THE PRESIDENT.

WASHINGTON, July 26.—4 P. M.—There is reason to believe that at last the initial steps have been taken for opening negotiations for peace.

At this moment it is possible to learn none of the details of the project or even to obtain official confirmation.

An interview between the French ambassador and the president was arranged for between Secretary Day and Secretary Thiebaul, of the French embassy, both of whom were present at the white house when the conference began at 3:30 o'clock.

The conference of the French ambassador and Secretary Day with the president lasted an hour.

When parties to it were asked if the conference brought out a peace proposal the question significantly was unanswered.

MISS JESSIE SCHLEY ORDERED FROM SPAIN.

LONDON, July 26.—The papers here continue to confound Miss Jessie Schley, daughter of Charles Schley, of Milwaukee, a cousin of Commodore Schley, with Miss Shafter. Miss Schley recently arrived in Madrid on a peace mission, without the approval of her father, but neither the queen regent nor any responsible person would receive her. It was added that she will probably be requested to depart as soon as possible. A special dispatch from Madrid this morning says:

"'Miss Shafter' has been requested to leave Spain forthwith."

LONG WOULD NOT TALK OF WATSON'S SQUADRON.

WASHINGTON, D. C., July 26.—When the cabinet assembled at 11 o'clock today Secretaries Alger and Long both announced that they had received no dispatches from the Porto Rico expedition. Secretary Alger especially was expecting to hear from General Miles and was much disappointed that no word had come from him as to his landing, reports of which had been transmitted to him through the Associated Press.

Secretary Long also was keenly expectant of advices from that quarter.

Referring to the expedition of Commodore Watson to the Spanish coast, Secretary Long said there was nothing new with regard to that project.

"It is surely going, is it not?" he was asked.

"It is awaiting orders from the president," was the reply.

Secretary Long, however, noticeably refrained from directly answering the question.

Secretary Day stated that there had been no change in the peace outlook and that so far as he knew the administration had no information of the reported peace note the Spanish are quoted as framing. He said there had been no overtures for peace brought to his attention, and said, in a general way, that he knew of no development anent the peace talk.

THANKS OF CONGRESS ARE SENT TO DEWEY.

WASHINGTON, July 26.—Secretary Long has forwarded to Admiral Dewey the joint resolution of congress extending the thanks of congress for the victory achieved at Cavite.

The resolution was beautifully engrossed and perfaced by a formal attestation of its authenticity by Secretary of State Day, the whole being inclosed in rich guilt and ornamented Russia leather covers.

It is to be remarked that Secretary Long in his letter of transmittal makes reference to a letter from the secretary of state complimenting Admiral Dewey upon his direction of affairs since the great naval victory, a formal evidence that the state department is thoroughly well satisfied with the diplomatic qualities he has exhibited.

The letter of Secretary Long is as follows:

"Navy Department, Washington, July 25, 1898.—Sir: The department has received from the secretary of state an engrossed and certified copy of a joint resolution of congress tendering the thanks of congress to you and the officers and men of the squadron under your command, for transmission to you, and herewith inclose the same.

"Accompanying the copy of the joint resolution the department received a letter from the secretary of state requesting that there be conveyed to you his high appreciation of your character as a naval officer and of the good judgment and prudence you have shown in directing affairs since the date of your great achievement in destroying the Spanish fleet. This I take great pleasure in doing, and join most heartily, on behalf of the navy department, as well as personally, in the commendations of the secretary of state.

"Very respectfully,
"JOHN D. LONG, Secretary."

SPANISH SHIPS ARE GIVEN SAFE CONDUCT.

GIBRALTAR, July 26.—In accordance with instructions received from Washington the consular agent here has issued safe conduct to the Spanish steamers Isla Del Luzon and Isla De Panay, now at Cadiz, to proceed to Santiago de Cuba and return to Spain with the surrendered Spanish troops.

SHAFTER'S TROOPS NOT TO RETURN AT ONCE.

WASHINGTON, July 26.—Adjutant General Corbin said today that the question of the disposition of the troops under General Shafter at Santiago was not settled. It is certain, however, that there will be no general movement of troops from Santiago until the Spanish prisoners have been removed and there is some definite military progress in Porto Rico.

The health conditions of the army at Santiago will have considerable to do with future movements of those troops. The war department is taking steps for the establishment of reserve camps at convenient places in the United States.

The military medical authorities are confident of their ability to handle and stamp out disease among the troops in eastern Cuba.

When that has been accomplished it is more than probable that the majority of the troops there may be returned to the United States and given a short holiday prior to the institution of the campaign against Havana and it is not improbable that some of the regiments which are entirely free from disease may be allowed to come to the United States in advance of any general movement in that direction.

Great care will be taken to avoid the introduction of yellow fever into the United States.

Charles Mills, of Rochester, N. Y., arrived in the city yesterday to identify himself with the Rurode Dry Goods Co. as its general manager. Mr. Mills has been connected with establishments of the same kind for years and is familiar with the dry goods business.

Board of Works Meets.

The board of public works received a petition yesterday asking for the construction of a sewer in the alley between Fletcher avenue and Grant avenue, from the alley south of Alliger street to Penn street, and instructed the engineer to prepare the necessary plans. The petition of W. P. Smick and Rose E. Whiting for permission to build a sidewalk on East Wayne street by private contract, was granted. The engineer submitted plans for the following improvements:

Paving Clinton street with brick from the Nickel Plate railroad to Superior street; sidewalks on Hench street, from Hoffman street north; sidewalks on the south side of East Wayne street, from Walton avenue to Glasgow avenue; sewer in the alley east of Calhoun street, between Pontiac street and Creighton avenue. The board approved the plans as submitted, and passed resolutions for the improvements as specified.

Peace at any price is all the same to Spain. She can't pay anyway.

The leader of that concert of the powers has great difficulty striking a pitch where all can join in the melody.

Spain's fleet is gone and her army is melting away with much rapidity. In another year Spain will be as unwarlike as a tribe of Laplanders.

There is nothing in which the United States is so little interested as in an armistice. If Spain wants to come off her perch let her come. Then the fighting will stop.

The report of Admiral Sampson on the destruction of Cervera's fleet at Santiago will be made public tomorrow and the people will know whether it was "the fleet under my command" or Schley's ships which wrought the great clean-up that historic Sabbath morning.

[illegible]

It is the opinion of Gen. Charles King, the soldier novelist, that General Merritt will find use for [illegible] in the Philippines. General King, who is himself attached to the Manila expedition, says that with Spain entirely absent as a factor in the settlement of the Philippine question there will be lively times over there. He believes, or at least he intimates that he believes, Aguinaldo is going to prove an embarrassing quantity before peace and order are restored in the islands. General King is not posing as a prophet of evil. There is rational apprehension in what he points out. Until more is known of "General" Aguinaldo he is entitled to no more confidence than the other insurgent chiefs in the Philippines who sold themselves to the Spanish government after they had incited the natives to revolt. They are not to be trusted. Aguinaldo may be performing in thorough good faith. There is such appearance borne by his conduct. So far he has obeyed Admiral Dewey with striking fidelity to his promises. But none can say how long this will continue. The Spaniards are still intrenched in Manila. They must be driven out, the capital of the Philippines taken and the last dangerous vestige of Spanish power and authority swept away. That Aguinaldo cannot do without the aid of Dewey's fleet and Merritt's artillery and disciplined soldiery. Once Spain is prostrate in the Philippines Aguinaldo's future good faith may be gauged. If he is ambitious to enforce his recently declared dictatorship he will revolt against American [illegible] of the islands. [illegible] An uprising [illegible] for Merritt [illegible] General King points out [illegible] in the Philippines.

[illegible] of the Allen County Orphans' Home have [illegible] the [illegible] of that worthy institution. The accession of inmates has overtaken and passed the departures. It is, of course, in no small degree gratifying to know that there is in Allen county a home for orphaned little ones, and it is further gratifying to reflect upon the extensive use that is made of the home. But the children, some of them are [illegible] should [illegible] homes [illegible] taken from the orphanage by kind hearts [illegible] and brought up amid the environments and influences of a family fireside. At the home the inmates are well cared for. They are given kind treatment and intelligent, Christian training by the matron, are well clothed and wholesomely fed. The very best that can be done for these unfortunates in a public institution is done for them. But the essential air of the home is lacking. There are bright-eyed, bright minded, winsome, lovable little ones in the Allen county orphanage that would bring sunshine and joy into many childless homes. Good hearted domestic couples who have room and the means to spare to the rearing of little ones can lay no better offering at the feet of Him who blessed all children than by removing some of these unfortunates from the institution to the happy circle of their own homes. Children should not, if they are to develop the choicer faculties, the higher refinements, the finer independence, be too long reared in public institutions. The consciousness of indigence, that intangible something that betrays the unmistakable identity of the public charge, will be written in the character, marked in the behavior. Let as many as possible of the helpless innocents in the Allen County Orphans' home be spared the distressing knowledge that they ever were paupers.

SOME NEW RECORDS.

Lena N. and Searchlight Get Them in the 2:10 Pace.

Ketcham, Dick Wilson and McHenry Drove the Winners in the Events at Cleveland.

Cleveland, July 26.—The breaking of two world's records and one season record marked the opening of the Grand Circuit races at the Glenville track. The first event, the 2:16 trot, was the fastest race this season, and in the second race, the 2:10 pace, the world's record for pacing mares was clipped from 2:05¾ to 2:05¼ in the first heat.

In the next mile, Searchlight, another member of the California outfit, reduced the mark, four-year-olds to 2:04¼, going under the record two seconds.

Separately the heats in the trot were not marvelous, but collectively they form the fastest trotting race of the year. Mattie Patterson displayed the speed of the big field and took first money in straight heats. The time was 2:10¼, 2:09¼ and 2:09¼.

Lena N could not hold out in the 2:10 pace and Searchlight took the race in three heats after the first.

Five heats were required to decide the division of the money in the 2:25 trot, with a field of eleven. Percy got the first heat, Belle J pursuing him closely, and in the second Belle J. won in 2:11, Percy dropping to second position. Then Anglina, from the Ketcham farm, went out and took the race one, two, three. The summaries.

Rome, July 26.—Admiral Candiani, it is announced in a dispatch received here from Carthagena, Colombia, formally demanded on Saturday last that the Colombian government accept President Cleveland's award in the Cerruti case in its entirety and to guarantee its full execution. The Italian admiral insists upon a definite reply in twenty days. In the meanwhile, the Italian warships will visit other Colombian ports.

SHUT THEM OUT.

Another Whitewash for Torreyson's Wolverines.

Breidie Toyed With the Alleged Sluggers From the Furniture City—Toledo Beaten—Notes.

Torreyson's alleged sluggers have a hard time scoring from the Fort Waynes and when they do happen to find a victory it is on account of some bad fielding or a wobbly decision of an umpire. Yesterday Mr. Brodie, the "beauty" twirler of the Fort Waynes, was in the points against them and the Wolverines were able to secure five stingy little singles off his delivery. The Fort Waynes played a fast fielding game and kept the Torreys' notes from getting runs. A double by Babb sent in a run for Fort Wayne and in the next inning Brodie smashed one of Nonnamaker's curves for a home run. These two scores "cinched" the game. Big Ed Herr will pitch today's game and he has promised to pitch his arm off in an effort to win. The team is on the up grade and deserves liberal support when it returns to meet Toledo next Thursday. There should be an attendance of more than 500. Score:

OUTLOOK BETTER.

Indications Are That Fort Wayne May Not Lose Base Ball Team.

At present indications are that Fort Wayne will not lose its base ball franchise in the Inter State league. A meeting was held last evening in the parlors of the Randall hotel and was attended by twenty-five or thirty gentlemen who are interested in having the club remain in the Summit City. President Power was present and explained the situation. C. F. Baker presided and John Crowe was secretary. One gentleman signified a willingness to take a big block of stock if a company was formed.

The obligations which the new company is asked to assume is the unpaid salary of the players for July services and the placing of the $500 guarantee in the hands of President Power. The $500 comes back to the company provided the season is played out. On motion of F. J. Stutesman it was decided to organize a stock company of 150 shares of $10 each and a committee was appointed to visit citizens today and solicit them to take stock. The committee is composed of O. H. Larwill, H. C. Stites, Sid Hubbard, Robert Dickson and W. A. Hall. If the desired amount of stock is raised a meeting of the stockholders will be held and the company will be organized by the election of a board of directors, a president, secretary and treasurer.

The opinion was strongly advanced last evening that the team would be self-sustaining for the balance of the season now that the team had struck a winning gait. Every person who subscribes $10 for one share of stock will have an opportunity to say who shall direct the affairs of the new company. The committee will meet President Power at 4:30 this afternoon and report what they have been able to accomplish, and tonight the stockholders will again meet in the parlors of the Randall to discuss the future of the club. Before adjournment last evening more than twenty shares had been taken.

CLEVELAND MAY GO TO ST. LOUIS.

St. Louis, Mo., July 26.—Attorney William Kinnerk's application for a bond and accounting against Chris Von der Ahe, trustee of Sportsman's park and club, was not passed on in court yesterday. A truce was patched up and the prospect for a combination of the Cleveland and St. Louis clubs is brighter than ever. When Frank De Haas Robison heard the Becker deal was off he wired Von der Ahe an offer and will return Wednesday to complete negotiations for absorbing the Browns. Meanwhile President Muckenfuss is in Indianapolis in consultation with Talbot and Dickson, the theatrical managers, and John T. Brush, who are backing Robison in the deal. Muckenfuss was in Cincinnati Sunday with Brush returning to Indianapolis yesterday. It is learned that the terms of the deal with the Robison syndicate embrace a cash consideration, the notes and interest in the club for Von der Ahe, Chris to buy in the club at public sale and transfer it to the syndicate. The Cleveland players then will be transferred to St. Louis and Hurst's "Brownies" will go to Forest City.

INTEREST WILL REVIVE.

John T. Brush says: "My impression is the game has suffered in some places from the effect of the war. It is but natural that it should. The class of people who support base ball are the class who necessarily will be intensely interested in a national conflict and must have their minds naturally diverted more or less from their favorite amusement. But there can be no question that interest in base ball will survive and be as great or greater than ever. In fact there is already evidence of its revival from the effects of the war."

NOTES.

The way to encourage a base ball team to win is to attend the games and root.

Flick, of the Phillies, has made nine doubles, seven triples and four home runs.

Patsy Tebeau regards Powell the equal of any pitcher in the major league. The Inter-State has certainly turned out some good ones.

Paul Russell is about to be deposed as manager of the Youngstown team. There are forty applicants for the position, among whom is a certain Arlington Latham.

POLICE NEWS.

Harry Overly Takes a Change of Venue to 'Squire Tancey.

He is Charged With Simple Mayhem—Police Raided a Gambling Den on Main Street—Notes.

Harry Overly was brought before Mayor Scherer this morning on a charge of simple mayhem. It will be remembered that Overly assaulted and badly bit or slashed John A. Sollberger, the East Washington street saloonkeeper, some weeks ago. When arraigned he asked for a change of venue and Mayor Scherer sent the case to 'Squire Tancey and set it for trial tomorrow afternoon at 2 o'clock.

RAIDED A DEN.

Complaints have been made that a gambling den was being run upstairs at No. 10 West Main street, and last night Captain Borgman ordered the rooms raided. Eugene Jameson and three friends were found toying with the pasteboards and they were arrested. The trio with Jameson gave the names of George Brown, Bert Allison and Harry Allison. They all put up bail and forfeited it by non-appearance in police court this morning.

NOTES.

John McCaffery was arrested for drunkenness by Officer Petgen last night. The mayor sent him to jail for fifteen days.

James Akers, another drunk arrested by Officer Petgen, was sent to jail for eleven days.

William Bennett, a young lad, and James Costello, colored, were arrested along the Findlay tracks by Officer Hobbs. They are charged with vagrancy. Young Bennett claims to be from Grand Rapids and says the colored man enticed him from home. Superintendent Gorsline is investigating and meantime the couple are at the hotel de Melching.

Complaints come in almost every morning of the depredations of boys at the Hoagland school and on Thompson avenue. The police will make trouble for the lads if they insist on the nightly disturbances.

The Mutual Fire association of German Lutherans met in the St. Paul school building last evening and elected the following officers: President, William Doehrman; secretary, C. A. Kampe; directors, Fred Scheiman, Charles Brandt, William Miller and C. Fahlsing. The directors will select a treasurer.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Dreier Bros., druggists, and get a trial bottle free. Regular size 50c and $1. Every bottle guaranteed, or price refunded.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back, weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at Dreier & Bro.'s drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

NEW MONITORS.

Bids Advertised for the Construction of Four Coast Defense Vessels.

Washington, July 26.—The navy department has issued an advertisement calling for proposals for constructing by contract four harbor defense monitors provided for by the naval appropriation bill. The bids will be opened Saturday, October 1. It is a matter of regret to the naval designers that the limit of cost for these vessels is so low as to make it necessary to build the monitors of very small tonnage, and of lighter battery power than is desirable in these advanced days, but the construction bureau has managed to prepare plans that will after all result in a very serviceable type of harbor defense vessels.

Mr. and Mrs. C. A. Smitley, of Decatur, Ind., spent Sunday with the latter's sister, Mrs. F. J. Maines, of 155 Wells street, who was able to be removed to her home last week from Hope hospital, after undergoing a very serious operation.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. Rank, No. [illegible] East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me.

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone.

"Indeed, I thought I would lose my mind. No one knows what I endured.

"I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

There is too little preaching of the gospel of health. It is the last thing that anyone thinks of teaching, either to a man, child or woman-child. It is one of the most important branches of an education.

Without health, a man will be a business, and a woman a social failure. When the body of either a man or a woman is properly nourished, the result is the enjoyment of good health. Almost all ill health is due to improper or insufficient nourishment. If the stomach is right and the liver is right, the blood will receive its normal supply of the life giving elements of the food and the body will be properly nourished. Dr. Pierce's Golden Medical Discovery acts directly upon the stomach and liver. It purifies and enriches the blood. It is the great blood-maker, flesh-builder, nerve tonic and restorative. It promotes the natural activity of the entire nutritive organism. It puts an end to the slow starvation that is at the base of many diseases. It does not make flabby fat like cod liver oil, but firm, muscular tissues. It does not make corpulent people more corpulent but builds up the system to the normal standard.

"I was run down with nervous prostration and female weakness and kidney trouble," writes Mrs. Marandia Ramsey, of Smartt, Warren Co., Tenn. "My bowels were constipated. My whole system was wrecked. My friends thought I would die. I had read of Dr. Pierce's medicines and sent for the 'Golden Medical Discovery,' 'Favorite Prescription' and 'Pleasant Pellets.' In one week's time I began to sit up. In two weeks I could sit up all day, after being so bad that I had to be helped in and out of bed. I have taken four bottles of 'Golden Medical Discovery' and two of 'Favorite Prescription' and am in better health than I have been for years."

Constipation is the father of all manner of maladies. If it did not exist, or was in all cases promptly relieved, the majority of medical books could be safely destroyed. It is the easiest sickness to neglect and the simplest to cure. Dr. Pierce's Pleasant Pellets cure constipation every time. They cure it promptly, completely and permanently. They never gripe. They don't get you out 'o nights. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists keep nothing else "just as good."

SUDDEN DEATH.

William Armel Killed at Charleston, Mass.

Peter Simmons Badly Hurt by a Fall—Nickel Plate Reducing Expenses—Rail and Shop.

At 12 o'clock last night a telegram from Charleston, Mass., brought to Mrs. William H. Armel, of 179 Lafayette street, the shocking news that her husband had been killed in a railway accident at that place. The telegram did not state just how Mr. Armel met death, but as he is employed on a road running through that town, it is presumed he was coupling cars when the accident occurred. Mrs. Armel is nearly prostrated by grief. She telegraphed instructions this morning to have the remains shipped here and they are expected to arrive some time tomorrow. Until the hour of their arrival the date of the funeral will not be known, but it is thought the body will reach here in time to bury it Thursday.

William H. Armel was the son of William Armel, sr., one of Allen county's well known farmers. He was born thirty-eight years ago last April on the old homestead, five miles out on the Goshen road, where his father still resides. He remained on the farm, going to school during the winter months, until he was twenty years old. Then he came to Fort Wayne and took a position as switchman in the Pennsylvania yards. In 1893 he left the Pennsylvania and took a similar position with the Nickel Plate. A year later he was let out because of sympathy with the American Railway union strikers. About a year ago he went east and found employment on one of the New England roads, where he worked steadily until the accident which cost him his life.

Besides the widow and the aged father, Mr. Armel left two sisters, Mrs. Weaver and Mrs. Carroll. He had no children. The news of the poor fellow's fate caused sorrow among the attaches of the Pittsburg and Nickel Plate yards when it reached them this morning. He was a kind and accommodating companion, and every man was his friend and liked him. At one time Mr. Armel was prominent in Knights of Pythias circles in Fort Wayne, but when he lost his position on the road, he allowed his membership to lapse by non-payment of dues.

THE NICKLE PLATE RETRENCHES.

A retrenchment move which surpasses anything yet attempted in this "neck o' woods" is now on on the Nickel Plate. It began over a week ago, when orders were issued to dismiss two road supervisors and add their territory to the remaining supervisors, whose salaries were not increased. The attendants at the coaling stations between terminals were also discharged and their duties were added to those of the section men.

Now comes the news of the practical suspension of work in the shops at Stony Island and Conneaut, beginning yesterday. Only the round house force, perhaps a dozen men at each place, were retained.

The clerical ranks were also invaded and wherever a man could be dispensed with, he was dropped. There are 1,000 men effected by the order.

The necessity for such an unprecedented economical move is said to be "no traffic" and consequently no demand for engines. Traffic is always light in July, and it is much lighter this year, according to the weekly statements of eastbound shipments out of Chicago, than in former years. Still, this does not appear to warrant the wholesale suspensions mentioned in the foregoing.

WILL REBUILD TRACK TANKS.

The old track tanks on the Pennsylvania between Pittsburg and Altoona, which were put down just before the Philadelphia centennial, are to be renewed and some of the material is being distributed. New tanks are about to be placed between the rails at Latrobe and other points. Some improvements have been made in the matter of connecting the different sections and the sluice is made deeper and wider. The new balanced scoops used on the engines will enable a train to take water running fifty miles an hour, and there is scarcely any necessity for making the track tanks longer.

CLERKS IN LUCK.

This morning Henry C. Rippe, who has been assistant chief clerk and stenographer to Chief Clerk Robert Learmonth, of the Pennsylvania offices, for several years, received notice of his appointment to the position of private secretary to Supt. C. D. Law, succeeding T. J. Kucher, who was compelled to resign on account of failing health. John G. Wolfrum, for several weeks tonnage clerk, has succeeded Mr. Rippe. Mr. Wolfrum is also an expert stenographer and has filled in that capacity several very responsible positions. Who will succeed Mr. Wolfrum is not known at present, but it is thought civil service rules will be observed and that some clerk now in the company's service at this point will get the position. Messrs. Rippe and Wolfrum have won their promotions by faithful and efficient service.

RAILROAD ACCIDENTS IN JUNE.

A compilation of railroad accidents in the United States in the month of June shows the total number was 146, of which five were due to defects of road, thirty-one to defects of equipment, thirty-one to negligence in operating, seven to unforeseen obstructions and seventy-two unexplained. Thirty-one passenger and 159 freight trains were involved in 146 accidents. Five passengers and twenty-one employes were killed and sixty passengers and sixty-seven employes were injured.

SHOPMAN HURT.

Peter L. Simmons, of 56 Leith street, an old man employed as a round house laborer by the Pennsylvania company, met with a serious misfortune at an early hour this morning. He was about to clean the flues of engine No. 1 when he fell from the tank, striking his head against the flue auger and cutting an ugly gash in his scalp. His back and shoulders were also bruised and sprained by the fall. When discovered the unfortunate man was in a dazed condition and could not tell what happened to him. He was taken to his home where he is being attended by Dr. W. T. Ferguson.

FREIGHT RATES RESTORED.

A dispatch from Chicago states that all freight rates were restored to normal tariff on the western roads. In this way was brought to a close a long continued and disastrous rate war. While it was in progress many millions of dollars were recklessly thrown away. For twelve months rates in all parts of the territory west of Chicago have been baldy demoralized.

No section escaped. It is difficult to determine where the ill results were most severely felt. From St. Paul to the gulf and from Chicago to the Pacific coast the ravages of the war were experienced. But for it earnings of the roads would have shown phenomenal and unprecedented increases and stockholders would have been enriched by the enlargement of divided payments.

General and Local Gossip.

Machinist William Schiefer, of the Wabash shops, is sick.

The Machinists' Social club will a meeting tonight, at the hall, 138 Calhoun street.

The Wabash's pump house at Crocker, Ind., was destroyed by fire Saturday night.

Nickel Plate Conductor Hindel reported for duty yesterday, after a few days' lay off.

Nickel Plate Engineer Leo Larimore has gone to Chicago to spend a ten day's vacation.

Blacksmith Ed McLaughlin has returned from Buffalo, N. Y., where he visited several days.

On Saturday the Brooks Locomotive works turned out their three thousandth locomotive.

D. F. McFee, Nickel Plate engineer, has been fishing at Rome City for three or four days.

Louis Kopp, machinist, quit his job at the Wabash shops last night and will go to Chicago to work.

After seven weeks of sickness, John Ryan this morning resumed his place in the Pittsburg copper shop.

Ed Dornte, who had a hand injured last week, resumed his place in the Pittsburg planing mills this morning.

Jacob Hilgeman has returned from St. Louis, where he set up some dynamos for the Electric corporation.

A. L. Schwartz, a member of the night force in the Nickel Plate round house, is off duty on account of sickness.

M. Vreeland has returned to work in the Nickel Plate yards after a month's vacation, much of which he spent in Ohio.

Fred Hilgeman has recovered from his recent illness and is again working in the Rhinesmith & Simonson lumber yards.

Blacksmith Charles Barnes, of the Pittsburg, was summoned to Garrett, Ind., this morning. His father is lying very ill at that place.

Porter F. Leach, the car wheel salesman, has gone to White Pigeon, Mich., to attend the funeral of his father, who died yesterday.

Chas W. Habecker, wife and baby, left yesterday for a week's visit with Mr. Habeaker's parents at Monticello, Ind. He is a painter in the Pittsburg shops.

C. E. Olds has been transferred from the incandescent to arc departments at the electric works. Thomas O'Rourke has taken Mr. Olds' place in the former room.

A short distance east of Stony Island Sunday night, Nickel Plate passenger train No. 151 broke a side rod and completely stripped one side of her boiler. She was relieved by engine 172.

Colonel Frank Hecker, who has charge of the transportation of the Spanish prisoners, for years was superintendent of the Eel River division of the Wabash, with headquarters at Logansport, Ind.

The Continental limited on the Wabash struck and killed a three-year-old girl, named Logan, three miles west of South Whitley, Sunday. The little tot was sitting in the middle of the tracks and her body was horribly mangled.

James A. Conroy, a Wabash boilermaker, met with a painful accident yesterday while at work at the shop. He was struck over the eye by a piece of boiler iron, and a deep gash was inflicted. He was attended by the company surgeon.

The Philadelphia and Reading's sixty-minute train between Camden and Atlantic City celebrated its initial run last week by making the run, fifty-five and one-half miles, in forty-five and one-fourth minutes, a minute and a quarter quicker than the best time made last season.

A Wabash train had a narrow escape from wreck at Roann last Friday. The accident was averted by a farmer, who flagged the train. A foot or more of one of the rails was broken out and had the train attempted to pass over the breach a wreck would have been the result.

The Keystone Bridge company last week was given a contract to build a bridge 1,600 feet long across the Allegheny river at Moss Grove on the Buffalo, Rochester and Pittsburg road. The bridge will rest 125 feet above the stream. In its construction 2,500 tons of steel will be used and it is to cost $150,000.

The funeral of the late Conrad Schwehn, whose death was announced yesterday, will take place tomorrow afternoon, at 1:30, from his late residence, and at 2 o'clock from Trinity Lutheran church. Many of the Wabash shopmen, who were shopmates of Mr. Schwehn for so many years, will attend the funeral.

The change of date for their excursion was made at the request of the Wabash shopmen. As now arranged the excursion will come off next Saturday. The men await the day with anticipation of one of the most pleasant excursions they ever enjoyed. Those who do not care to go to Detroit can stop in Toledo, of course, but there will be tow of that class.

The Wabash has arranged for the fast steamer "City of Toledo" to carry its excursionists from Toledo and return next Saturday. The boat will arrive in Detroit at 1:45 p. m. and leave at 5 o'clock, giving plenty of time to look around Detroit. Passenger Agent Thompson advises that out tickets will be sold so that all who wish to go had better procure tickets Friday.

The Grand Rapids and Indiana road announces an excursion to Cincinnati next Sunday. The train will leave Fort Wayne at 2:40 in the morning, and return at 11 the following night. The excursionists will have twelve hours in the Queen City. Superintendent J. W. Hunter promises those who go on the excursion a fine ride, the train being scheduled very high both directions.

Threatened Thunder Storm Did Not Keep People From Robison Park.

It takes something worse than a thunder storm or a hot day to keep people away from Robison park. Last night the attendance was again very good under the circumstances. By the burning out of a fuse in the electric apparatus a little delay was caused during the electric dances of Amota, but she made her usual hit just the same. The Elleganto club had a pleasant time in the big pavilion and danced merrily all evening to the music of the orchestrion. Tonight the regular Tuesday evening dance program will be given in the dancing pavilion from 8 to 10:30. On Saturday the Wayne Knitting mills will give their annual excursion and there will be dancing afternoon and evening. Yesterday notice was received from Findlay that a big shop excursion would come in on Thursday. The shop employs 400 persons and the whole outfit will come to Robison park. Sunday will be the big day when all the Germans of northern Indiana are expected to congregate.

THE FIGHT AT SANTIAGO.

Valor of American Troops Manifested on Many Bloody Fields.

The battles around Santiago, leading principally to the siege and capitulation of the city, have served again to demonstrate the valor, persistence and sagacity of the American soldier, and to prove that in fighting qualities our troops are the best in the world. Our country may depend upon the volunteers whose loyalty, and brawn, and bravery, and willingness to dare and do, constitute a wall of strength that no power of opposing nations can throw down, while intelligence, mercy and fullest appreciation of liberty make them invincible in war, and watchful, zealous and home-loving in peace. Our conflict with Spain has taught the younger generation especially the importance of studying our country's history, which will be found as interesting and heroic as that of Rome or Greece or England. A most effective aid to this duty may be found in "Our Nation in War," a portfolio of extraordinary value which THE SENTINEL is now distributing. This truly remarkable publication, 13½x11 inches in size, is issued in parts of sixteen pages each, and is devoted to illustrating and briefly describing the greatest battles by land and sea, and the most astounding feats of heroism performed by our gallant soldiery in all the wars since that of 1776, including, of course, the battles with Spain. Can be had at this office at 10c per copy or they will be mailed on receipt of price. 26eod3t

A Cure for Dyspepsia.

I was troubled with liver trouble, and my stomach was out of order, and after eating my breakfast would throw up what I eat. It went on this way for about two years. At last, after trying other remedies without any good effect, I was induced to try Ramon's Liver Pills and Tonic Pellets. After using one or two boxes I found myself in a healthy condition. I use them occasionally yet, always when in need of pills. I consider them the best pill on the market, and feel safe in saying that they are the finest things ever used.—John Livesay, Luther, Hancock Co., Tenn.

LOCAL NEWS.

Born, to Mr and Mrs. A. L. Babcock, of No. — Charles street—a daughter.

Mrs. Jennie Rich and children Clarence and Edna, are in Chicago, the guests of Dr. Stangle, where they will remain for a week.

Prof. J. S. Study is expected home this evening from Lake George, N. Y., where he has been spending part of his vacation.

Carl P. Swan has returned from an extensive trip throughout the west. He met several former Fort Wayne people in Seattle, Wash.

The congregation of the Westminster church will give a picnic at Swinney park next Friday afternoon, as a farewell to Mr. Edsell and family.

Thursday evening a lawn social will be given for Bethel Mission at Bush's homestead, east of F. M. Y. school. Driving park car will take guests to the house.

Last evening the Epworth league of the St. Paul M. E. church had one of the most successful meetings in the history of the society. Seventeen young people were received to membership. The attendance was large and the meeting very enthusiastic.

A semi-centennial birthday anniversary was celebrated by Mrs. L. D. McNutt at her residence last evening in a very pleasant manner. The members of the lodge of Chosen Friends, of which she is a member, called and in behalf of the lodge Dr. Derbyshire presented a beautiful order pin to the hostess. Dr. Derbyshire's remarks were well fitted for the occasion, and the evening was spent in social amusements, refreshments being served at a late hour.

Ivers Leonard has been notified that he is now a lieutenant in the regular army of the United States. Lieutenant Leonard passed a rigid examination at Leavenworth and was one of a very few out of a class of fifty that passed with the required grade and who will be commissioned. The lieutenant's average was 86 9-10 per cent. and an average of 70 was necessary to pass. He expects to be assigned to duty soon but has no idea what department of the army he will be with.

SPY FOOLS THE SPANIARDS.

Special Government Agent Sees Camara's Fleet Depart.

LONDON, July 26.—Diplomats and military and naval men are talking of little else now than of the remarkable exploits of a United States spy who was lionized in Madrid and Cadiz, and even dined with Admiral Camara before the now celebrated "Suez canal squadron" sailed from Cadiz.

This spy, or "confidential agent of the United States government," was a West Pointer, holding a commission as captain of the Second Texas rangers. His true name has not been disclosed. In Madrid he was Fernandez Del Campo. He arrived in Madrid seven or eight weeks ago in the guise of a wealthy Mexican gentleman.

He hired a suite of rooms on the first floor in the finest hotel of the Spanish capital, and was soon a great favorite in society, and was known, by reputation at least, in every Madrid drawing-room.

Fernandez Del Campo spent a month between Cadiz, the dock yards at Carraca and the arsenal at San Fernando. He stayed in Cadiz for a day or two after the departure of Camara's squadron. He witnessed this event on board one of the admiralty's launches.

One morning three Spanish gentlemen were walking up and down in front of the Hotel de Paris as if they were waiting for somebody. They were detectives sent to arrest him. A week later he was in Tangier speaking remarkably good English for a "Mexican."

WILL BECOME TRANSPORTS.

Canadian Pacific Company's Steamers Tartar and Athenia to be Transferred.

SAN FRANCISCO, July 26.—A special to the Chronicle from Vancouver, B. C., states that the Canadian Pacific railroad company's steamships Tartar and Athenia are anchored in Vancouver harbor, having been taken off the Klondike route. Their stores are being removed and they are to become United States transports.

As they are British naval reserve boats they cannot be transferred to the American government directly, so that they will pass through the hands of the Pacific Coast Steamship company before being converted into troopships by Uncle Sam. The Athenia is registered as 4,600 tons and is constructed to carry 1,500 men, and the Tartar is a 4,000 ton ship, built to accommodate 1,250. Both ships can travel seventeen knots an hour.

FINES FOR WHITE CAPS.

Four Men Fined $40 Each for Whipping a Wife Beater.

WABASH, Ind., July 26.—Justice Alward, at Pierceton, has fined four White Caps for dragging William Keller, a wife beater, from his bed and giving him fifty lashes. $40 each. The defendants were Harry Soash, William O. Soash, Frank Long and Charles Guy.

The first three pleaded guilty and the last stood trial. An army of witnesses was subpoenaed. It developed on the trial that Guy and William Soash organized the band and that the others did the whipping.

Oliver Keller, a son of the victim of the white capping, was among his father's assailants, and a warrant was sworn out for him, but he has disappeared.

A Judge Shot on the Bench.

MANCHESTER, Eng., July 26.—Judge Parry, of the county court, was delivering judgement cancelling the commission of Court Bailiff Taylor for misconduct, the latter drew a revolver and fired three shots at the judge. It is feared Judge Parry's injuries will prove fatal.

THE DEATH ANGEL

Invades Two Homes and Takes Members Therefrom.

Miss Emilie Tyler Stricken With Stomach Disease—William F. Heine Succumbs to Heart Trouble.

Shortly after 5 o'clock last evening a telegram from West Lebanon conveyed to the employes of the Wabash ticket and freight offices at this place the sad intelligence that Miss Emilie Tylor had just died. The young lady was taken with an affection of the stomach about two weeks ago, and failing to get relief from the malady, she requested to be taken home, where she could be under her mother's care and be treated by the old family physician. She was taken to West Lebanon one week ago today, being accompanied on the journey by her sister, Mrs. C. E. Jones, and Dr. Campbell, who came here for that purpose. The change did not bring the desired results and since that day Miss Tyler grew steadily worse until her sufferings ended in death. The end came at 5:15 o'clock yesterday afternoon.

Miss Tyler was twenty-eight years old. She was a native of West Lebanon, where her mother and two sisters now reside. For seven years Miss Tyler had charge of the Wabash telegraph office in this city during the day. She was an expert operator and ranked as one of the best in the employ of the company. She possessed a genial disposition and pleasing address which made friends for her while it endeared her to those with whom she daily associated. While in this city Miss Tyler made her home with Mrs. Frank Weldon, at 16 Brackenridge street. She was treated by the members of that family as if she was one of them and the news of her death created profound sorrow in the hearts of Mrs. Waldon and her children.

The funeral services over the remains will be held tomorrow after noon, at 2 o'clock, at West Lebanon. The attaches of the Wabash ticket and freight offices at noon today forwarded to West Lebanon a tribute to the memory of the dead in the shape of two fine floral pieces, a harp and a spray.

WILLIAM F. HEINE DIES SUDDENLY.

At midnight the death angel entered the Heine home, 167 Hanna street, and removed therefrom the head of the family, William F. Heine. The cause of death was heart and stomach disease. The deceased had been ailing only a short time, and his demise came suddenly and unexpectedly. A week ago Mr. Heine was taken with sharp pains in the side and across the stomach and he remarked to a shopmate that he believed the malady was caused by drinking too freely of ice water. He went home to remain until he was better. For the past three days he felt first-rate and last night at 10 o'clock he retired feeling, as he said, much better than he had since he was taken sick. Shortly after 12 o'clock Mrs. Heine awoke and heard her husband breathing heavily. She tried to arouse him, but failed, and Dr. McCausland was called. Before the doctor reached the bedside, however, Mr. Heine breathed his last.

The deceased leaves a wife and seven children. He was about sixty-five years old and was born in Germany. When he was nine years old his parents came to America and soon afterwards settled on a farm three miles east of Fort Wayne. When Mr. Heine arrived at the age of twenty years he left the farm and came to the city to learn the trade of coffin making with the late Mr. Schoppman. Afterwards he was employed for two or three years in the H. G. Olds & Sons spoke factory. Thirty-one years ago he took a position in the Pittsburg round house and worked continuously for the company up to the time of his last illness. For six or seven years he had charge of the oil house. He was a member of St. Paul's Lutheran church, from which the funeral will be held.

LIFE'S WORK IS DONE

Mrs. Hugh McCulloch Passes to the Great Beyond.

Died at the Home of Her Daughter in Sparkill, N. Y.—The Remains Will be Buried Beside the Honored Husband.

A telegram received yesterday afternoon by Charles McCulloch announced the death of his mother, Mrs. Hugh McCulloch, which occurred Monday noon at Sparkill, N. Y., at the home of her daughter, Mrs. John B Yale. Mr. McCulloch left last evening to attend the funeral, which will occur tomorrow afternoon.

Mrs. Susan Mann McCulloch was the widow of the late Hon. Hugh McCulloch, and was born in Plattsburg, N. Y., May 13, 1818. In the year '36, Mrs. McCulloch, then Miss Mann, came in company with a Miss Hubbell, afterward Mrs. Royal W. Taylor, to Fort Wayne. The ladies came from Maumee, Ohio, in the primitive conveyance of the times, called a "pirogue"—a log canoe—and were landed near the grounds of the Old Fort, which was standing at that time. Miss Mann and Miss Hubbell began teaching school soon after their arrival, in a room of the old court house, and later in the basement of the First Presbyterian church, which was then located on the corner of Berry and Lafayette streets. Mrs. Mary Wheeler, Mrs. Edward Colerick and Louis Bourie are among the living pupils who were instructed by Mrs. McCulloch in those early days.

It was in this city and during the following two years that Mrs McCulloch met and loved Hugh McCulloch, to whom she was married in 1838 at her home in Plattsburg. Four children were born to them, Charles, the well known banker, of this city: Fred, who lives in Howardsville, Va.; Louise, Mrs. Yale, of Sparkill, N. Y, and Mary, now Mrs. Marshall, who resides in Boston. After her marriage Mrs. Mcculloch was a resident of this city for a number of years, and was identified with many of the struggles and successes of the pioneer days. She was one of the organizers and earliest members of the Presbyterian church, now known as Westminster, which was founded by Rev. Henry Ward Beecher, and whose first pastor, Rev. Charles Beecher, was a brother of that noted divine. After Mr. McCulloch's pronounced abilities as a statesman and financier led him to remove his family to Washington to live permanently, Mrs. McCulloch became identified with the Episcopal church, of which she was a communicant at the time of her death.

In 1888 Mr. and Mrs. McCulloch celebrated their golden wedding, and it was several years after that notable event before the angel of death claimed the companion of her life. Mrs. McCulloch was always progressive, always keenly alert to the cultivation of noble faculties of mind and spirit which she possessed, and she retained her physical vigor to within a short time of her death. It was while traveling in Italy, two years ago, that she was made seriously aware of the complaint which was not curable but which she was able to withstand, with good care, for so many months. Mrs. McCulloch's last visit to this city was about five years ago.

The remains will be laid to rest beside those of Mr. McCulloch, in Rock Creek cemetery, which is within a few miles of the McCulloch home in Sparkill.

FOR THE TAMPA BOYS

The Lawn Social Will be Given at the Hamilton Homestead.

The Proceeds Will be Divided Between the Members of Companies B and G—Some Donations.

The ladies having charge of the lawn social to be given for the benefit of the soldier boys at Tampa at the Hamilton homestead tomorrow evening, are encouraged at the prospects which indicate that the event will be a complete success. While Mrs. Reese and Mrs. Fonner are the originators of the affair they have called to their assistance ladies who have sons, husbands, brothers or lovers in both companies B and G. Among those who will assist in entertaining the visitors are Mrs. Meyers, mother of Captain Meyers, of Company G; Miss McLeod, sister of Lieutenant McLeod; Mrs. Hartwig, who has a son in company G, Mrs. Alderman and many others. The proceeds of the social are to be divided between the companies of Captain Reese and Captain Meyers and will be used to purchase some of the comforts and luxuries of life which they have been unable to enjoy since enlisting in the volunteer army. There has been a liberal response to the ladies' efforts and donations have been quite liberal. Among the persons who have made donations of money are Hubert Berghoff, Mayor Scherer, Charles Orr and H. C. Berghoff. The lawn when lighted by the innumerable incandescent lamps will present a most beautiful appearance and the City band will render some of its finest music. Miss Hamilton will throw open the gates on all sides of the handsome lawn, which is bounded by Lewis, Clinton, Montgomery and Barr streets. Many a silver dollar and $5 gold piece should be dropped in the contribution box for a dish or two of ice cream.

How to Keep Cool.

CHRONIC ECZEMA CURED BY CUTICURA

I was troubled several years with chronic Eczema on my head and face. I took medical treatment from two doctors and several lotions, but received little relief. At times, the dreadful itching became almost intolerable. When I was heated, the Eczema became painful, and almost distracted me. I tried CUTICURA REMEDIES. FIGHT WITH SPANISH, BUT NO ONE KILLED.

(Copyright, 1898, by the Associated Press)

PORT OF GUANICA, Island of Porto Rico, July 25, 2 p. m., via the Island of St. Thomas, Danish West Indies, July 26, morning.—The United States military expedition under the command of Major General Nelson A. Miles, commanding the army of the United States, which left Guantanamo bay during the evening of Thursday last, July 21, was landed here successfully today after a skirmish between a detachment of the Spanish troops and a crew of thirty belonging to the launch of the United States auxiliary gunboat Gloucester, formerly J. Pierpont Morgan's steam yacht Corsair.

Four of the Spaniards were killed and no Americans were hurt. The troops were pushed forward promptly in order to capture the railroad leading to Ponce, which is only about ten miles east of this place.

WAITING FOR WORD FROM GENERAL MILES.

WASHINGTON, July 26.—The government is waiting to receive confirmation of the reported debarkation of General Miles' troops. The war department did not expect to hear of General Miles landing near Ponce, as mentioned in newspaper dispatches, but it is admitted that General Miles is master of his own movements and it is entirely conceivable that he acquired information since the original plans were formed for the campaign against Porto Rico that led him to modify them in a moment when they were to be put into execution.

While the distance from Ponce to San Juan is much greater than from the point originally selected for Miles' landing, there is, according to the military information charts a splendid fourteen-foot macadamized road leading directly across the island to San Juan on the north shore.

Such a road as this, if it is properly described in the archieves of the war department, would be very little affected by the torrential rains of this season, so that it might be possible for our troops, accompanied, as they will be, by field artillery, to make the march across the seventy miles between Ponce and San Juan in less time than would have been required to cover the much shorter distance between the capital and some of the other points that have been named as the landing place for troops.

Wherever the landing may have been made, the war department expects to hear from General Miles very soon, for he has been long enough on the coast of Porto Rico to have established himself somewhere ashore and to have forwarded some communication to the government.

There will be no difficulty in the prompt transmission of any dispatches the general may file over the cable at St. Thomas. It is probable that in the beginning the government at Madrid will be in advance with the news. This is because there is a cable running from Ponce around through a group of the West India islands to Kingston, where communications with the trans-Atlantic cable can be had. Thus, the conditions at Ponce, so far as cable connections are concerned, approximate those existing at Santiago at the beginning of the campaign when the Spanish government was able to communicate directly with the Spanish general in the town, while General Shafter's communications were subject to a delay of about twenty-four hours.

However, all this will be rectified in the course of a few days, and General Miles will be in quick communication with Washington.

INTERESTING NEWS FROM GUANTANAMO.

GUANTANAMO BAY, Santiago de Cuba, July 26.—The Prairie arrived here from Nipe Bay last evening and reported all quiet. The Spaniards last evening sunk the Spanish gunboat Santoval, which had been lying near Caimanera. This is looked upon as being a gross breach of the terms of the surrender, which the Spaniards then had knowledge of, and especially considering the fact that food has been sent by the United States navy into Caimanera. First Sergeant of Marines Kinnie, of the New York, went north yesterday evening on the Texas to get his commission as second lieutenant of marines.

This is almost the only case of such promotion on record in this branch of the service.

The Montgomery left yesterday evening. It is difficult to see how the large body of Spanish troops at Holguin can fail to surrender very soon, although reinforced by the Spanish forces from Gibara. Holguin is one of the commanding points in eastern Cuba, and the surrender of its garrison will be an important event in the war. News from there is expected shortly, and upon it will depend some of the plans of our commanders.

The Vixen and Suwanee returned to Santiago yesterday morning, convoying the prize ships brought here for disinfection.

The main body of the fleet is here coaling and cleaning as well as the facilities of the bay permit. The Texas will leave for New York shortly in order to undergo repairs.

The movement of the other ships under Rear Admiral Sampson's command, except those engaged in the Porto Rico expedition, depend upon the decisions of the authorities at Washington, and the impression is growing among the naval officers of high rank in those waters that it is not advisable to send a fleet to Spain without previously enabling the ships to undergo thorough preparations, including going into dry dock in several cases.

The list of vessels in Guantanamo Bay include the flagship New York, the Brooklyn, Iowa, Indiana, Oregon, Marblehead, Detroit, Newark, Yankee, Yankton, Hornet, Ericsson, Rogers, Wampatuck, Samoset, Vesuvius, Celtic, Vulcan, Alvarado, government colliers and one transport.

A Boston fruit steamer arrived here yesterday morning loaded with fruit, in consequence of a request upon the part of Admiral Sampson, but the steamer refused to sell anything and each ship was given a supply of fruit, which was much appreciated.

No news has been received here from Porto Rico.

Colonel Ewers, who was sent by General Shafter to receive the surrender of the 4,000 Spanish troops at Guantanamo arrived here on Sunday night with two of General Toral's officers and proceeded to Caimanera and Guantanamo yesterday. The colonel expected to return last night. It is said that 1,700 of the Spanish troops of the Guantanamo district are on the sick list. After they have surrendered the work of tending the sick, feeding the healthy and maintaining order among the prisoners will probably devolve upon the navy.

The Nipe Bay engagement was quite hot, but there were no casualties on the American side. The Spanish gunboat Jorge Juan was riddled by our shells. It is believed that about 200 men deserted from her after opening the Kingston valves.

A fleet bulletin just issued in regard to the investigation of the navy's shells at the bombardment at Santiago de Cuba says:

"Twelve houses were completely wrecked inside, and one house was burned. Sixteen eight inch shells struck within three blocks on the Calle de Marina. Those excavated the ground to a depth of about four feet and to a length of about ten feet. The street was macadamized. It is judged from the fact that many of them struck near the water's edge that a number of shells must have gone into the bay. Army officers have stated that thirty or forty went beyond the northern edge of the bay into the Spanish lines.

"A dozen or more of the shells had not exploded. In four of them the base had been simply blown out. In one case a four-inch shell, which was probably a stray shell fired during the demonstration at Aguadores on July 1, had gone through a tree and had exploded in the ground beyond.

"When the severe effect of the eight-inch shells is considered, it is a matter for congratulation that it was not necessary to continue the bombardment longer and fire thirteen-inch shells, as the squadron had prepared to do. The effect of these latter would undoubtedly have been of a most disastrous character to the town. The board has completed its investigation and will make a detailed report later."

TRUTH SUPPRESSED.

Spanish Censorship Hides Real Conditions.

Affairs are in a Most Distressing State.

Army Cannot be Relied Upon to Hold People at Bay.

Queen Regent is Bending Every Effort to End the War, But Without Much Hope of Success.

NEW YORK, July 26.—A dispatch to the Tribune from Paris says:

The cast-iron severity of the Spanish censorship prevents the exact situation at Madrid from being disclosed except through private channels. Any newspaper correspondents at Madrid suspected of even hinting at the true state of affairs known to prevail there would be imprisoned or expelled. Under these circumstances grave importance attaches to a Madrid letter of Saturday's date, received here today by a French diplomatist well known on both sides of the Atlantic.

The Tribune correspondent is unfortunately not at liberty to mention the name of the writer of the letter, whose opportunities for ascertaining the truth at Madrid are unsurpassed, but is authorized to cable the following summary of its contents:

"Madrid, Saturday, July 23.—The situation is far more critical than at any previous time since the war began. On the surface the habitual indifference of all classes of the people to the national disaster seems to continue.

"Social entertainments, popular amusements and bull fights go on as merrily as ever, but this apparent apathy is merely superficial.

"The slightest incident may at any moment precipitate a crisis and plunge the country into revolution. The news which reached here Thursday of the postponement of the departure of Watson's squadron is regarded as a definite abandonment of that expedition and causes an immense relief to the Spanish cabinet.

"Sagasta is powerless either to carry on the war effectively or to conclude peace. The question of the war is thrown into the background by the urgency of dynastic considerations and by measures to avert a military pronunciamento, backed by a popular uprising.

"The spectre of revolution has momentarily restrained the Carlists in the northern provinces, but has forced Sagasta to put his whole trust in the leaders of the army. The generals are now absolute masters at Madrid, and are likely to cast aside Sagasta as soon as they have no further use for him.

"The artillery is the most democratic as well as the most efficient branch of the military service and has always been early in taking an active part in any republican movement to overturn a dynasty.

"Today the entire artillery force of the garrison of Madrid is openly hostile to the government and if ordered to fire on the people would certainly refuse to do so and would fraternize with the insurgents.

"Several infantry regiments, when the emergency arises, are also ready to follow the example of the artillery.

"The disaffection of the army increases day by day. Officers of every grade accuse the ministry of incapacity in conducting the war and charge them above all with criminal neglect in failing to supply the Santiago force with food and ammunition.

"General Polavieja, a thoroughly honest, loyal soldier of the old school, whose devotion to the queen regent is beyond reproach, has had long conferences with the queen, Sagasta and the leaders of the opposition. Polavieja is the last hope of the dynasty. This blunt but genial soldier still retains a certain influence with the army, but those who ought to know best say that when the time comes he can no more stem the popular tide than could Marshal Bugeaud have prevented the Paris revolution of 1848 from sweeping away Louis Philippe.

"Not a day passes without the emperor of Austria exerting his strong personal influence with the queen regent, urging her to make peace at once, no matter at what sacrifice; for, in his opinion, the only salvation of the dynasty depends upon her ability to do so, and he points out that the longer peace is delayed so much the more intense will be the internal explosion which is the real danger to the dynasty.

"The queen is most anxious to act upon the emperor's advice, and her great hope is that Polavieja will succeed in obtaining the assent of the army to permit the cabinet to make such direct offers of peace to Washington as would be acceptable here.

"But whether Polavieja will be able to exert the necessary influence with the military leaders or not is considered more than doubtful.

"To make the outlook still more dismal, it is known that in spite of explicit official denials republican discontent is spreading at an alarming pace in Cordova, Valencia, Murcia and Huelva."

TAKING OUR PULSE.

Spain Feeling Her Way to Begin Negotiations for Peace.

REPORTS FROM VATICAN SO REGARDED.

WASHINGTON, July 26.—The reported statement from the Vatican of what purports to be terms of peace acceptable to both the United States and Spain is set down here as only one of the many "feelers" that have been thrown out within the past two weeks, probably to test public feeling in the United States primarily, and secondarily to break slowly to the masses of the Spanish people the realization of their complete defeat, something of which they are not yet aware because of the superhuman efforts put forth by the Spanish government to suppress or prevent the news of actual events.

It is suspected here that the condition named the annexation to the United States of Cuba and Porto Rico and the relinquishment to Spain of the Philippines, represent what may be now looked upon as the maximum concessions that Spain is willing to make.

From this point of view the statement is not discouraging, though, of course, it must be realized that the Spanish maximum is very far below the American minimum.

Still there must be some starting point for negotiations that will in the end lead up to peace, and therefore the publication of these various "feelers" is not deprecated by our government though so far it can be positively asserted, they have no basis of fact, at least on this side of the Atlantic.

DETAILED REPORT OF SHAFTER'S LOSSES.

WASHINGTON, July 26.—General Shafter's detailed report of the American casualties in the battle of Santiago has been received at the war department and is now being prepared for publication.

The total number of casualties was 1,595. Recapitulated, the American losses were:

Killed, 23 officers and 206 enlisted men; wounded, 80 officers and 1,203 men; missing, 81 men.

The missing are supposed to be dead, as, so far as known, the Spanish forces took no prisoners.

In the first division, Major General Kent commanding, the casualties were as follows:

First Brigade, consisting of the Sixth and Sixteenth Infantry—Seventy-first New York, 10 killed, 5 officers and 40 men; wounded fourteen officers and 262 men; missing, 50 men.

Second Brigade, consisting of the Second, Tenth and Twenty-first Infantry—Killed, one officer and 17 men; wounded, 10 officers and 114 men; missing, 3 men.

Third Brigade, consisting of the Ninth, Thirteenth and Twenty-fourth Infantry—Killed, 6 officers and 30 men; wounded, 11 officers and 186 men; missing, 9 men.

Second Division, Major-General Lawton, commanding:

First Brigade, consisting of the Eighth and Twenty-second Infantry and the Second Massachusetts—Killed, 1 officer and 16 men; wounded, 6 officers and 111 men.

Second brigade, consisting of the First, Fourth and Twenty-fifth Infantry—Killed, 2 officers and 14 men; wounded, 5 officers and 55 men; missing, 1 man.

Third brigade, consisting of the Seventh, Twelfth and Seventeenth Infantry—Killed, 2 officers and 45 men; wounded, 3 officers and 148 men; missing, 1 man.

Cavalry division, Major General Wheeler, commanding:

First brigade, consisting of the Third, Sixth and Ninth cavalry—Killed, 2 officers and 9 men; wounded, 12 officers and 113 men; missing, 4 men.

Second brigade, consisting of the First and Tenth cavalry and the Rough Riders—Killed, 4 officers and 30 men; wounded, 13 officers and 179 men; missing, 8 men.

Light battery Battalion—Killed, 3 men; wounded, 1 officer and 8 men.

GRIM FAMINE IN GUANTANAMO CITY.

(Correspondence of the Associated Press)

GUANTANAMO HARBOR, July 17.—Grim famine in Guantanamo City and its environs is added the ravages of yellow fever, which seems to be much more virulent in type than it is farther westward.

Deaths from yellow jack average fifteen per day. This report is official from Perezo himself.

Strick military quarantine is observed here and Commander McCalla, of the Marblehead, is infinitely more strict than any health officers the states can boast.

General Miles, who came here on the Yale this morning, was not allowed to land until he had shown a medical certificate to the effect that immediately upon his visit to the Santiago army his person and his apparel has been thoroughly fumigated. The general of the army having gone so far as to sacrifice his mustache to the exigencies of the occasion, whatever the deprivation may attach for his health, it has certainly so changed his appearance as to make him almost unrecognizable until you come within speaking distance.

The troops on the Yale are, of course, heartily sick of the enforced seclusion which their vessel grants, but are all the more healthy for being kept afloat and so much the more likely to be effective at Porto Rico. Troops are held also on the cruiser Columbia and the old Spanish prize (now converted into a United States transport) Rita.

The latter has the yellow flag on her foretop mast but this only means that some one on board landed at Siboney and that there is one case of typhoid on the sick report.

GUANTANAMO HAS BEEN OCCUPIED.

SANTIAGO DE CUBA, July 26.—The First United States infantry, under Lieutenant Colonel Bisbee, went to Guantanamo yesterday afternoon in order to occupy that place.

General Shafter and staff left yesterday for Camp Wood. The military governor, General Wood, remains here.

Company F, of the Thirty-third Michigan volunteers, will publish today, with General Shafter's consent, the first American paper published in Cuba. It is edited and printed by members of the company and will bear the title, "Company F Enterprise."

SHAFTER REPORTS 500 NEW CASES OF FEVER.

WASHINGTON, July 26.—In a dispatch to the war department last night General Shafter reports that about 500 new cases of fever developed in his corps at Santiago yesterday. This number includes, of course, all classes of fevers, probably some cases of genuine yellow fever.

Only one death is reported, that one being from yellow fever. The cheering intelligence is conveyed that the situation is improving and that about 450 men who have been ill have returned to duty.

The dispatch, as posted by the war department, follows:

"Santiago, July 25.—Adjutant General, U. S. A., Washington:—Number of fever cases on the 24th inst., about 500. At least 450 returned to duty. Actual figures will be given hereafter. Notwithstanding figures, situation seems somewhat improved. One death, Sergeant J. Lernann, troop C, Third cavalry, yellow fever, Siboney.

"SHAFTER, Major General."

As heretofore indicated by General Shafter and the medical officers of his corps, the cases of fever are of a notably mild type. The patients are ill from three days to a week and then return to duty quite as well as ever. The medical officers concur in the opinion that this fever renders the men immune, for the time at least, to yellow fever.

OHIO REGIMENTS GET ORDERS TO THE FRONT.

WASHINGTON, July 26.—Orders will be issued today for the First, Third and Fifth Ohio regiments, at Tampa, Fla., to prepare for service in Porto Rico. Arrangements will be made as soon as possible for their transportation.

These troops were in the original list for service in the Porto Rican campaign, but were crowded out by troops from southern states which claimed priority of selection.

GOVERNOR APPEALED TO.

State Board of Charities Urge Necessity of Some Prison Reforms.

INDIANAPOLIS, July 26.—The state board of charities was in session yesterday and called the attention of Governor Mount to some needed reforms in the state institutions. Among other things, the board objects to throwing the prisons and reformatories open to excursionists and having them staring at the convicts. The board says the practice is humiliating and demoralizing. There was complaint also about the management of the insane hospital at Evansville, the board feeling that Superintendent Mason is not keeping the institution up to the standard of some of the others, and recommending that he visit other institutions and inquire into their methods.

GET AWAY TODAY.

Gen. Fred Grant's Brigade Leaves Camp Thomas.

Other Regiments are Waiting for the Word.

Soldiers are Getting Vigorous Drill Work.

Rifle Teams From Each of the Regiments Competing Today for the Honors of Marksmanship.

CHICKAMAUGA, National Military Park, Tenn., July 26.—The third brigade, first division, first corps is expected to leave Camp Thomas at an early hour tomorrow for Newport News. This brigade is commanded by Brigadier-General Fred Grant and is composed of the First Kentucky, Third Kentucky and Fifth Illinois. The brigade will be accompanied by the Third battalion of the Sixteenth Pennsylvania, which arrived after the departure of the regiment for Porto Rico.

The four commands will march five miles to Rossville, there to load. The route to Newport News will be over the Queen and Crescent and Chesapeake and Ohio, via Lexington, Ky., and Richmond, Va.

With the exception of the regiments which go out tomorrow and which are busy today packing, all commands are hard at work drilling.

The weather is cool and pleasant and it is being fully taken advantage of.

Late this afternoon there will be two highly interesting shooting contests in which a team of twelve men from each regiment of the first and second divisions will participate. The contests will decide which regiment of the division is entitled to be known as having the finest team.

The firing will be at a distance of 150 yards and each man will be entitled to ten shots.

There is much interest in the contest and there is perhaps not a team of marksmen that does not feel confident of winning.

Major Sauk, chief engineer of the Second division, First corps, is now lecturing the commissioned and non-commissioned officers on the art of constructing hasty field fortifications.

The officers are deeply interested in this important feature of the service and are gaining many valuable points from Major Shunk's clear and forcible talks.

Major Nye, commissary of subsistence of the local military supply depot, has shipped eighty cars of provisions to the park during the last forty-eight hours.

Judging from these heavy shipments it would appear as though more troops would shortly arrive at the park.

Major Nye has not received any orders up to the present writing to provide "travel rations" for troops that are going to leave the park. Nineteen cars of potatoes arrived from Columbia, Tenn., today.

An enormous quantity of letter mail is now being handled at the Chickamauga postal station of the Chickamauga postoffice.

All of the soldiers' mail goes to this office and all civilian mail is sent to the Lytle, Ga., postoffice. At the Chickamauga station branch over 180,000 letters are handled each day. This includes both the incoming and outgoing mails, requiring a force of seventeen clerks to distribute and make up the mails. In addition to these letters an average of 25,050 mail packages, including papers, boxes, etc., are handled each day. This makes up over 200 sacks of paper mail every twenty-four hours. The mails are now being received and dispatched without delay and much credit is due the postal authorities.

Dr. C. M. Drake, former chief surgeon of the Southern railway, has been transferred from the Third corps to take charge of the First division, First corps hospital. There are a number of patients in this hospital left by the commands which are now en route to Porto Rico.

Troop M, First Illinois cavalry from Chicago, has been named by General Wade as his guard of honor. The guard will go on duty as soon as General Wade decides upon the location of his headquarters.

ENJOYED AN OUTING.

W. C. T. U. of Churubusco Have an Excursion to Robison Park.

The members of the Women's Christian Temperance union of Churubusco came to Fort Wayne today enroute to Robison park, where they enjoyed an outing. The party was in jolly mood and made the most of their time at the park. The following ladies were in the party: Mesdames J. H. Grisamer, John Bryan, Mary Coulter, Dr. Squiers, Esther Douglas, L. Doughy, Messe, I. Thompson, N. Metsker, W. Witham, O. Deardorff, N. Potter; Misses Maggie Coulter, Blanche Bryan, Mary Keen, Laura Douglas.

The E'Gilantics had their first summer dance last evening at Robison park. The dancers had use of the large pavilion and two-stepped to the lively tunes of the orchestrion. Twenty-one couples gracefully wended their way in the grand march and over fifty were present. Mr. and Mrs. Cragg and Mr. and Mrs. Beaoy were the chaperons.

PEACE IN SIGHT.

Negotiations Opened by the Ambassador From France.

HAS A CONFERENCE WITH THE PRESIDENT.

WASHINGTON, July 26.—4 P. M.—There is reason to believe that at last the initial steps have been taken for opening negotiations for peace.

At this moment it is possible to learn none of the details of the project or even to obtain official confirmation.

An interview between the French ambassador and the president was arranged for between Secretary Day and Secretary Thiebaut, of the French embassy, both of whom were present at the white house when the conference began at 3:30 o'clock.

The conference of the French ambassador and Secretary Day with the president lasted an hour.

When parties to it were asked if the conference brought out a peace proposal the question significantly was unanswered.

MISS JESSIE SCHLEY ORDERED FROM SPAIN.

LONDON, July 26.—The papers here continue to confound Miss Jessie Schley, daughter of Charles Schley, of Milwaukee, a cousin of Commodore Schley, with Miss Shafter. Miss Schley recently arrived in Madrid on a peace mission, without the approval of her father, but neither the queen regent nor any responsible person would receive her. It was added that she will probably be requested to depart as soon as possible. A special dispatch from Madrid this morning says:

"'Miss Shafter' has been requested to leave Spain forthwith.

LONG WOULD NOT TALK OF WATSON'S SQUADRON.

WASHINGTON, D. C., July 26.—When the cabinet assembled at 11 o'clock today Secretaries Alger and Long both announced that they had received no dispatches from the Porto Rico expedition. Secretary Alger especially was expecting to hear from General Miles and was much disappointed that no word had come from him as to his landing, reports of which had been transmitted to him through the Associated Press.

Secretary Long also was keenly expectant of advices from that quarter.

Referring to the expedition of Commodore Watson to the Spanish coast, Secretary Long said there was nothing new with regard to that project.

"It is surely going, is it not?" he was asked.

"It is awaiting orders from the president," was the reply.

Secretary Long, however, noticeably refrained from directly answering the question.

Secretary Day stated that there had been no change in the peace outlook and that so far as he knew the administration had no information of the reported peace note the Spanish are quoted as framing. He said there had been no overtures for peace brought to his attention, and said, in a general way, that he knew of no development anent the peace talk.

THANKS OF CONGRESS ARE SENT TO DEWEY.

WASHINGTON, July 26.—Secretary Long has forwarded to Admiral Dewey the joint resolution of congress extending the thanks of congress for the victory achieved at Cavite.

The resolution was beautifully engrossed and perfected by a formal attestation of its authenticity by Secretary of State Day, the whole being inclosed in rich guilt and ornamented Russia leather covers.

It is to be remarked that Secretary Long in his letter of transmittal makes reference to a letter from the secretary of state complimenting Admiral Dewey upon his direction of affairs since the great naval victory, a formal evidence that the state department is thoroughly well satisfied with the diplomatic qualities he has exhibited.

The letter of Secretary Long is as follows:

"Navy Department, Washington, July 25, 1898.—Sir: The department has received from the secretary of state an engrossed and certified copy of a joint resolution of congress tendering the thanks of congress to you and the officers and men of the squadron under your command, for transmission to you, and herewith inclose the same.

"Accompanying the copy of the joint resolution the department received a letter from the secretary of state requesting that there be conveyed to you his high appreciation of your character as a naval officer and of the good judgment and prudence you have shown in directing affairs since the date of your great achievement in destroying the Spanish fleet. This I take great pleasure in doing, and join most heartily, on behalf of the navy department, as well as personally, in the commendations of the secretary of state.

"Very respectfully,
"JOHN D. LONG, Secretary."

SPANISH SHIPS ARE GIVEN SAFE CONDUCT.

GIBRALTAR, July 26.—In accordance with instructions received from Washington the consular agent here has issued safe conduct to the Spanish steamers Isla Del Luzon and Isla De Panay, now at Cadiz, to proceed to Santiago de Cuba and return to Spain with the surrendered Spanish troops.

SHAFTER'S TROOPS NOT TO RETURN AT ONCE.

WASHINGTON, July 26.—Adjutant General Corbin said today that the question of the disposition of the troops under General Shafter at Santiago was not settled. It is certain, however, that there will be no general movement of troops from Santiago until the Spanish prisoners have been removed and there is some definite military progress in Porto Rico.

The health conditions of the army at Santiago will have considerable to do with future movements of those troops. The war department is taking steps for the establishment of reserve camps at convenient places in the United States.

The military medical authorities are confident of their ability to handle and stamp out disease among the troops in eastern Cuba.

When that has been accomplished it is more than probable that the majority of the troops there may be returned to the United States and given a short holiday prior to the institution of the campaign against Havana and it is not improbable that some of the regiments which are entirely free from disease may be allowed to come to the United States in advance of any general movement in that direction.

Great care will be taken to avoid the introduction of yellow fever into the United States.

Board of Works Meets.

The board of public works received a petition yesterday asking for the construction of a sewer in the alley between Fletcher avenue and Grant avenue, from the alley south of Alliger street to Penn street, and instructed the engineer to prepare the necessary plans. The petition of W. P. Smick and Rose E. Whiting for permission to build a sidewalk on East Wayne street by private contract, was granted. The engineer submitted plans for the following improvements:

Paving Clinton street with brick from the Nickel Plate railroad to Superior street; sidewalks on Hench street, from Hoffman street north; sidewalks on the south side of East Wayne street, from Walton avenue to Glasgow avenue; sewer in the alley east of Calhoun street, between Pontiac street and Creighton avenue. The board approved the plans as submitted, and passed resolutions for the improvements as specified.

PEACE at any price is all the same to Spain. She can't pay, anyway.

THE leader of that concert of the powers has great difficulty striking a pitch where all can join in the melody.

SPAIN'S fleet is gone and her army is melting away with much rapidity. In another year Spain will be as unwarlike as a tribe of Laplanders.

THERE is nothing in which the United States is so little interested as in an armistice. If Spain wants to come off her perch let her come. Then the fighting will stop.

THE report of Admiral Sampson on the destruction of Cervera's fleet at Santiago will be made public tomorrow and the people will know whether it was "the fleet under my command" or Schley's ships which wrought the great clean-up that historic Sabbath morning.

A POLITICAL rumor originating in Indianapolis ascribes to Hon. S. E. Morss, publisher of the Indianapolis Sentinel, aspirations to succeed the David Turpie in the senate of the United States. Possibly Mr. Morss is ambitious to wear a toga, and well would it become him, but it has been believed by some of his friends that the late consul general to Paris was patiently awaiting the election of William Jennings Bryan in 1900, when he expects to return to the gay capital of the French as the ambassador of the United States.

THERE is yet to be raised the first valid, rational objection to a curfew law in Fort Wayne. The contention that it means the restriction of personal liberty is all bosh. It restricts the liberty of no one old enough to be entrusted with such grave responsibility as personal liberty. It is a measure to keep boys from becoming first loafers and then criminals and to save from the multiplied curses and degradation of the pave the tender girls who do do not see the dangers toward which their young feet are speeding. The curfew law means simply to give the police distinct and specific authority to require young boys and young girls to be at home where they belong at a seasonable hour.

IT is the opinion of Gen. Charles King, the soldier-novelist, that General Merritt will find use for 50,000 soldiers in the Philippines. General King, who is himself attached to the Manila expedition, says that with Spain entirely absent as a factor in the settlement of the Philippine question there will be lively times over there. He believes, or at least he intimates that he believes, Aguinaldo is going to prove an embarrassing quantity before peace and order are restored in the islands. General King is not posing as a prophet of evil. There is rational apprehension in what he points out. Until more is known of "General" Aguinaldo he is entitled to no more confidence than the other insurgent chiefs in the Philippines who sold themselves to the Spanish government after they had incited the natives to revolt. They are not to be trusted. Aguinaldo may be performing in thorough good faith. There is such appearance borne by his conduct. So far he has obeyed Admiral Dewey with striking fidelity to his promises. But none can say how long this will continue. The Spaniards are still intrenched in Manila. They must be driven out, the capital of the Philippines taken and the last dangerous vestige of Spanish power and authority swept away. That Aguinaldo cannot do without the aid of Dewey's fleet and Merritt's artillery and disciplined soldiery. Once Spain is prostrate in the Philippines Aguinaldo's future good faith may be gauged. If he is ambitious to enforce his recently declared dictatorship he will revolt against American occupation of the islands. Aguinaldo's influence is strong. An uprising incited by him would be a mean thing for Merritt to cope with and put down. Fifty thousand men may, as General King points out, yet be needed in the philippines.

THE officers of the Allen County Orphans' Home have found it necessary to enlarge the capacity of that worthy institution. The accession of inmates has overtaken and passed the departures. It is, of course, in no small degree gratifying to know that there is in Allen county a home for orphaned little ones, and it is further gratifying to reflect upon the extensive use that is made of the home. But the children, some of them, are remaining in the home too long. They should be given entirely domestic homes; should be taken from the orphanage by kind-hearted folk and brought up amid the environments and influences of a family fireside. At the home the inmates are well cared for. They are given kind treatment and intelligent, Christian training by the matron, are well clothed and wholesomely fed. The very best that can be done for these unfortunates in a public institution is done for them. But the essential air of the home is lacking. There are bright-eyed, bright-minded, winsome, lovable little ones in the Allen county orphanage that would bring sunshine and joy into many childless homes. Good-hearted domestic couples who have room and the means to spare to the rearing of little ones can lay no better offering at the feet of Him who blessed all children than by removing some of these unfortunates from the institution to the happy circle of their own homes. Children should not, if they are to develop the choicer faculties, the higher refinements, the finer independence, be too long reared in public institutions. The consciousness of indigence, that intangible something that betrays the unmistakable identity of the public charge, will be written in the character, marked in the behavior. Let as many as possible of the helpless innocents in the Allen County Orphans' home be spared the distressing knowledge that they ever were paupers.

SOME NEW RECORDS.

Lena N. and Searchlight Get Them in the 2:10 Pace.

Ketcham, Dick Wilson and McHenry Drove the Winners in the Events at Cleveland.

CLEVELAND, July 26.—The breaking of two world's records and one season record marked the opening of the Grand Circuit races at the Glenville track. The first event, the 2:16 trot, was the fastest race this season, and in the second race, the 2:10 pace, the world's record for pacing mares was clipped from 2:05¼ to 2:05¼ in the first heat.

In the next mile, Searchlight, another member of the California outfit, reduced the mark, four-year-olds to 2:04¾, going under the record two seconds.

Separately the heats in the trot were not marvelous, but collectively they form the fastest trotting race of the year. Mattie Patterson displayed the speed of the big field and took first money in straight heats. The time was 2:10¾, 2:09¾ and 2:09¾.

Lena N could not hold out in the 2:10 pace and Searchlight took the race in three heats after the first.

Five heats were required to decide the division of the money in the 2:25 trot, with a field of eleven. Percy got the first heat, Belle J. pursuing him closely, and in the second Belle J. won in 2:11, Percy dropping to second position. Then Anglina, from the Ketcham farm, went out and took the race one, two, three. The summaries:

2:16 Class Trotting, Purse $2,500—Mattie Patterson, Wilson, 1, 1, 1; Askey, Wright, 9, 2, 2; Grattan Boy, Maloney, 2, 3, 3; Guy, Garvey, 3, 5, 5; Judge At Law, Bever, 10, 4, 4; Sorpol, Curry, 4, 7, 9; Black Raven, Jamison, 5, 9, 8; Starabeulat, Van Bokkelon, 7, 6, 12; J. HE WILL WAIT.

ROME, July 26.—Admiral Candiano, it is announced in a dispatch received here from Carthagena, Colombia, formally demanded on Saturday last that the Colombian government accept President Cleveland's award in the Cerruti case in its entirety and to guarantee its full execution. The Italian admiral insists upon a definite reply in twenty days. In the meanwhile, the Italian warships will visit other Colombian ports.

SHUT THEM OUT.

Another Whitewash for Torreyson's Wolverines.

Brodie Toyed With the Alleged Sluggers From the Furniture City—Toledo Beaten—Notes.

Torreyson's alleged sluggers have a hard time winning from the Fort Waynes and when they do happen to land a victory it is on account of some bad misplay or a yellow decision of an umpire. Yesterday Mr. Brodie, the "beauty" twirler of the Fort Waynes, was in the points against them and the Wolverines were able to secure five stingy little singles off his delivery. The Fort Waynes played a fast fielding game and kept the Torreysonites from getting a run. A double by Babb sent in a run for Fort Wayne and in the next inning Brodie smashed one of Nonnemacher's curves for a home run. These two scores "cinched" the game. Big Ed Herr will pitch today's game and he has promised to pitch his arm off in an effort to win. The team is on the up grade and deserves liberal support when it returns to meet Toledo next Thursday. There should be an attendance of more than 500. Score:

OUTLOOK BETTER.

Indications Are That Fort Wayne May Not Lose Base Ball Team.

At present indications are that Fort Wayne will not lose its base ball franchise in the Inter State league. A meeting was held last evening in the parlors of the Randall hotel and was attended by twenty-five or thirty gentlemen who are interested in having the club remain in the Summit City. President Power was present and explained the situation. C. F. Baker presided and John Crowe was secretary. One gentleman signified a willingness to take a big block of stock if a company was formed.

The obligations which the new company is asked to assume is the unpaid salary of the players for July services and the placing of the $500 guarantee in the hands of President Power. The $500 comes back to the company provided the season is played out. On motion of F. J. Stutesman it was decided to organize a stock company of 150 shares of $10 each and a committee was appointed to visit citizens today and solicit them to take stock. The committee is composed of O. H. Larwill, H. C. Stites, Sid Hubbard, Robert Dickson and W. A. Hall. If the desired amount of stock is raised a meeting of the stockholders will be held and the company will be organized by the election of a board of directors, a president, secretary and treasurer.

The opinion was strongly advanced last evening that the team would be self-sustaining for the balance of the season now that the team had struck a winning gait. Every person who subscribes $10 for one share of stock will have an opportunity to say who shall direct the affairs of the new company. The committee will meet President Power at 4:30 this afternoon and report what they have been able to accomplish, and tonight the stockholders will again meet in the parlors of the Randall to discuss the future of the club. Before adjournment last evening more than twenty shares had been taken.

CLEVELAND MAY GO TO ST. LOUIS.

ST. LOUIS, Mo., July 26.—Attorney William Kinnard's application for a bond and accounting against Chris Von der Ahe, trustee of Sportsman's park and club, was not passed on in court yesterday. A truce was patched up and the prospect for a combination of the Cleveland and St. Louis clubs is brighter than ever. When Frank De Haas Robison heard the Becker deal was off he wired Von der Ahe an offer and will return Wednesday to complete negotiations for absorbing the Browns. Meanwhile President Muckenfuss is in Indianapolis in consultation with Talbot and Dickson, the theatrical managers, and John T. Brush, who are backing Robison in the deal. Muckenfuss was in Cincinnati Sunday with Brush, returning to Indianapolis yesterday. It is learned that the terms of the deal with the Robison syndicate embrace a cash consideration, the notes and interest in the club for Von der Ahe, Chris to buy in the club at public sale and transfer it to the syndicate. The Cleveland players then will be transferred to St. Louis and Hurst's "Brownies" will go to Forest City.

INTEREST WILL REVIVE.

John T. Brush says: "My impression is the game has suffered in some places from the effect of the war. It is but natural that it should. The class of people who support base ball are the class who necessarily will be intensely interested in a national conflict, and must have their minds naturally diverted more or less from their favorite amusement. But there can be no question that interest in base ball will survive and be as great or greater than ever. In fact there is already evidence of its revival from the effects of the war."

NOTES.

The way to encourage a base ball team to win is to attend the games and root.

Flick, of the Phillies, has made nine doubles, seven triples and four home runs.

Patsy Tebeau regards Powell the equal of any pitcher in the major league. The Inter-State has certainly turned out some good ones.

Paul Russell is about to be deposed as manager of the Youngstown team. There are forty applicants for the position, among whom is a certain Arlington Latham.

POLICE NEWS.

Harry Overly Takes a Change of Venue to 'Squire Tancey.

He Is Charged With Simple Mayhem—Police Raided a Gambling Den on Main Street—Notes.

Harry Overly was brought before Mayor Scherer this morning on a charge of simple mayhem. It will be remembered that Overly assaulted and badly bit or slashed John A. Sollberger, the East Washington street saloonkeeper, some weeks ago. When arraigned he asked for a change of venue and Mayor Scherer sent the case to 'Squire Tancey and set it for trial tomorrow afternoon at 2 o'clock.

RAIDED A DEN.

Complaints have been made that a gambling den was being run upstairs at No. 10 West Main street, and last night Captain Borgman ordered the rooms raided. Eugene Jameson and three friends were found toying with the pasteboards and they were arrested. The trio with Jameson gave the names of George Brown, Bert Allison and Harry Allison. They all put up bail and forfeited it by non-appearance in police court this morning.

NOTES.

John McCaffery was arrested for drunkenness by Officer Pelgen last night. The mayor sent him to jail for fifteen days.

James Akers, another drunk arrested by Officer Pelgen, was sent to jail for eleven days.

William Bennett, a young lad, and James Costello, colored, were arrested along the Findlay tracks by Officer Hobbs. They are charged with vagrancy. Young Bennett claims to be from Grand Rapids and says the colored man enticed him from home. Superintendent Gorsline is investigating and meantime the couple are at the hotel de Melching.

Complaints come in almost every morning of the depredations of boys at the Hoagland school and on Thompson avenue. The police will make trouble for the lads if they insist on the nightly disturbances.

The Mutual Fire association of German Lutherans met in the St. Paul school building last evening and elected the following officers: President, William Doehrman; secretary, C. A. Kampe; directors, Fred Scheiman, Charles Brandt, William Miller and C. Fuhlsing. The directors will select a treasurer.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Dreier Bros., druggists, and get a trial bottle free. Regular size 50c and $1. Every bottle guaranteed, or price refunded.

A Clover Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back, weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at Dreier & Bro.'s drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

NEW MONITORS.

Bids Advertised for the Construction of Four Coast Defense Vessels.

WASHINGTON, July 26.—The navy department has issued an advertisement calling for proposals for constructing by contract four harbor defense monitors provided for by the naval appropriation bill. The bids will be opened Saturday, October 1. It is a matter of regret to the naval designers that the limit of cost for these vessels is so low as to make it necessary to build the monitors of very small tonnage, and of lighter battery power than is desirable in these advanced days, but the construction bureau has managed to prepare plans that will after all result in a very serviceable type of harbor defense vessels.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me.

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone.

"Indeed, I thought I would lose my mind. No one knows what I endured.

"I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

There is too little preaching of the gospel of health. It is the last thing that anyone thinks of teaching, either to a man, child or woman-child. It is one of the most important branches of an education.

Without health, a man will be a business, and a woman a social failure. When the body of either a man or a woman is properly nourished, the result is the enjoyment of good health. Almost all ill health is due to improper or insufficient nourishment. If the stomach is right and the liver is right, the blood will receive its normal supply of the life-giving elements of the food and the body will be properly nourished. Dr. Pierce's Golden Medical Discovery acts directly upon the stomach and liver. It purifies and enriches the blood. It is the great blood-maker, flesh builder, nerve tonic and restorative. It promotes the natural activity of the entire nutritive organism. It puts an end to the slow starvation that is at the base of many diseases. It does not make flabby fat like cod liver oil, but firm, muscular tissues. It does not make corpulent people more corpulent but builds up the system to the normal standard.

"I was run down with nervous prostration and female weakness and kidney trouble," writes Mrs. Matanda Ramsey, of Smartt, Warren Co., Tenn. "My bowels were constipated. My whole system was wrecked. My friends thought I would die. I had read of Dr. Pierce's medicines and sent for the 'Golden Medical Discovery,' 'Favorite Prescription' and 'Pleasant Pellets.' In one week's time I began to sit up. In two weeks I could sit up all day, after being so bad that I had to be helped in and out of bed. I have taken four bottles of 'Golden Medical Discovery' and two of 'Favorite Prescription' and am in better health than I have been for years."

Constipation is the father of all manner of maladies. If it did not exist, or was in all cases promptly relieved, the majority of medical books could be safely destroyed. It is the easiest sickness to neglect and the simplest to cure. Dr. Pierce's Pleasant Pellets cure constipation every time. They cure it promptly, completely and permanently. They never gripe. They don't get you out 'o nights. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists keep nothing else "just as good."

SUDDEN DEATH.

William Armel Killed at Charleston, Mass.

Peter Simmons Badly Hurt by a Fall—Nickel Plate Reducing Expenses—Gall and Shop.

At 12 o'clock last night a telegram from Charleston, Mass., brought to Mrs. William H. Armel, of 179 Lafayette street, the shocking news that her husband had been killed in a railway accident at that place. The telegram did not state just how Mr. Armel met death, but as he is employed on a road running through that town, it is presumed he was coupling cars when the accident occurred. Mrs. Armel is nearly prostrated by grief. She telegraphed instructions this morning to have the remains shipped here and they are expected to arrive some time tomorrow. Until the hour of their arrival the date of the funeral will not be known, but it is thought the body will reach here in time to bury it Thursday.

William H. Armel was the son of William Armel, sr., one of Allen county's well known farmers. He was born thirty-eight years ago last April on the old homestead, five miles out on the Goshen road, where his father still resides. He remained on the farm, going to school during the winter months, until he was twenty years old. Then he came to Fort Wayne and took a position as switchman in the Pennsylvania yards. In 1893 he left the Pennsylvania and took a similar position with the Nickel Plate. A year later he was let out because of sympathy with the American Railway union strikers. About a year ago he went east and found employment on one of the New England roads, where he worked steadily until the accident which cost him his life.

Besides the widow and the aged father, Mr. Armel left two sisters, Mrs. Weaver and Mrs. Carroll. He had no children. The news of the poor fellow's fate caused sorrow among the attaches of the Pittsburg and Nickel Plate yards when it reached them this morning. He was a kind and accommodating companion, and every man was his friend and liked him. At one time Mr. Armel was prominent in Knights of Pythias circles in Fort Wayne, but when he lost his position on the road, he allowed his membership to lapse by non-payment of dues.

THE NICKLE PLATE RETRENCHES.

A retrenchment move which surpasses anything yet attempted in this "neck o' woods" is now on on the Nickel Plate. It began over a week ago, when orders were issued to dismiss two road supervisors and add their territory to the remaining supervisors, whose salaries were not increased. The attendants at the coaling stations between terminals were also discharged and their duties were added to those of the section men.

Now comes the news of the practical suspension of work in the shops at Stony Island and Conneaut, beginning yesterday. Only the round house force, perhaps a dozen men at each place, were retained.

The clerical ranks were also invaded and wherever a man could be dispensed with, he was dropped. There are 1,000 men affected by the order.

The necessity for such an unprecedented economical move is said to be "no traffic" and consequently no demand for engines. Traffic is always light in July, and it is much lighter this year, according to the weekly statements of eastbound shipments out of Chicago, than in former years. Still, this does not appear to warrant the wholesale suspensions mentioned in the foregoing.

WILL REBUILD TRACK TANKS.

The old track tanks on the Pennsylvania between Pittsburg and Altoona, which were put down just before the Philadelphia centennial, are to be renewed and some of the material is being distributed. New tanks are about to be placed between the rails at Latrobe and other points. Some improvements have been made in the matter of connecting the different sections and the sluice is made deeper and wider. The new balanced scoops used on the engines will enable a train to take water running fifty miles an hour, and there is scarcely any necessity for making the track tanks longer.

CLERKS IN LUCK.

This morning Henry C. Rippe, who has been assistant chief clerk and stenographer to Chief Clerk Robert Learmonth, of the Pennsylvania offices, for several years, received notice of his appointment to the position of private secretary to Supt. C. D. Law, succeeding T. J. Kucher, who was compelled to resign on account of failing health. John G. Wolfrum, for several weeks tonnage clerk, has succeeded Mr. Rippe. Mr. Wolfrum is also an expert stenographer and has filled in that capacity several very responsible positions. Who will succeed Mr. Wolfrum is not known at present, but it is thought civil service rules will be observed and that some clerk now in the company's service at this point will get the position. Messrs. Rippe and Wolfrum have won their promotions by faithful and efficient service.

RAILROAD ACCIDENTS IN JUNE.

A compilation of railroad accidents in the United States in the month of June shows the total number was 146, of which five were due to defects of road, thirty-one to defects of equipment, thirty-one to negligence in operating, seven to unforeseen obstructions and seventy-two unexplained. Thirty-one passenger and 159 freight trains were involved in 146 accidents. Five passengers and twenty-one employes were killed and sixty passengers and sixty-seven employes were injured.

SHOPMAN HURT.

Peter L. Simmons, of 58 Leith street, an old man employed as a round house laborer by the Pennsylvania company, met with a serious misfortune at an early hour this morning. He was about to clean the flues of engine No. 1 when he fell from the tank, striking his head against the flue auger and cutting an ugly gash in his scalp. His back and shoulders were also bruised and sprained by the fall. When discovered the unfortunate man was in a dazed condition and could not tell what happened to him. He was taken to his home where he is being attended by Dr. W. T. Ferguson.

FREIGHT RATES RESTORED.

A dispatch from Chicago states that all freight rates were restored to normal tariff on the western roads. In this way was brought to a close a long continued and disastrous rate war. While it was in progress many millions of dollars were recklessly thrown away. For twelve months rates in all parts of the territory west of Chicago have been badly demoralized.

No section escaped. It is difficult to determine where the ill results were most severely felt. From St. Paul to the gulf and from Chicago to the Pacific coast the ravages of the war were experienced. But for it earnings of the roads would have shown phenomenal and unprecedented increases and stockholders would have been enriched by the enlargement of divided payments.

General and Local Gossip.

Machinist William Schiefer, of the Wabash shops, is sick.

The Machinists' Social club will a meeting tonight, at the hall, 138 Calhoun street.

The Wabash's pump house at Crocker, Ind., was destroyed by fire Saturday night.

Nickel Plate Conductor Hindel reported for duty yesterday, after a few days' lay off.

Nickel Plate Engineer Leo Larimore has gone to Chicago to spend a ten day's vacation.

Blacksmith Ed McLaughlin has returned from Buffalo, N. Y., where he visited several days.

On Saturday the Brooks Locomotive works turned out their three thousandth locomotive.

D. F. McFee, Nickel Plate engineer, has been fishing at Rome City for three or four days.

Louis Kopp, machinist, quit his job at the Wabash shops last night and will go to Chicago to work.

After seven weeks of sickness, John Ryan this morning resumed his place in the Pittsburg copper shop.

Ed Dorate, who had a hand injured last week, resumed his place in the Pittsburg planing mills this morning.

Jacob Hilgeman has returned from St. Louis, where he set up some dynamos for the Electric corporation.

A. L. Schwartz, a member of the night force in the Nickel Plate round house, is off duty on account of sickness.

M. Vreeland has returned to work in the Nickel Plate yards after a month's vacation, much of which he spent in Ohio.

Fred Hilgeman has recovered from his recent illness and is again working in the Rhinesmith & Simonson lumber yards.

Blacksmith Charles Barnes, of the Pittsburg, was summoned to Garrett, Ind., this morning. His father is lying very ill at that place.

Porter F. Leach, the car wheel salesman, has gone to White Pigeon, Mich., to attend the funeral of his father, who died yesterday.

Chas W. Habecker, wife and baby, left yesterday for a week's visit with Mr. Habecker's parents at Monticello, Ind. He is a painter in the Pittsburg shops.

C. E. Olds has been transferred from the incandescent to arc departments at the electric works. Thomas O'Rourke has taken Mr. Olds' place in the former room.

A short distance east of Stony Island Sunday night, Nickel Plate passenger train No. 151 broke a side rod and completely stripped one side of her boiler. She was relieved by engine 172.

Colonel Frank Hecker, who has charge of the transportation of the Spanish prisoners, for years was superintendent of the Eel River division of the Wabash, with headquarters at Logansport, Ind.

The Continental limited on the Wabash struck and killed a three-year-old girl, named Logan, three miles west of South Whitley, Sunday. The little tot was sitting in the middle of the tracks and her body was horribly mangled.

James A. Conroy, a Wabash boilermaker, met with a painful accident yesterday while at work at the shop. He was struck over the eye by a piece of boiler iron, and a deep gash was inflicted. He was attended by the company surgeon.

The Philadelphia and Reading's sixty-minute train between Camden and Atlantic City celebrated its initial run last week by making the run, fifty-five and one-half miles, in forty-five and one-fourth minutes, a minute and a quarter quicker than the best time made last season.

A Wabash train had a narrow escape from wreck at Roann last Friday. The accident was averted by a farmer, who flagged the train. A foot or more of one of the rails was broken out and had the train attempted to pass over the breach a wreck would have been the result.

The Keystone Bridge company last week was given a contract to build a bridge 1,600 feet long across the Allegheny river at Moss Grove on the Buffalo, Rochester and Pittsburg road. The bridge will rest 125 feet above the stream. In its construction 2,500 tons of steel will be used and it is to cost $150,000.

The funeral of the late Conrad Schwehn, whose death was announced yesterday, will take place tomorrow afternoon, at 1:30, from his late residence, and at 2 o'clock from Trinity Lutheran church. Many of the Wabash shopmen, who were shopmates of Mr. Schwehn for so many years, will attend the funeral.

The change of date for their excursion was made at the request of the Wabash shopmen. As now arranged the excursion will come off next Saturday. The men await the day with anticipation of one of the most pleasant excursions they ever enjoyed. Those who do not care to go to Detroit can stop in Toledo, of course, but there will be few of that class.

The Wabash has arranged for the fast steamer "City of Toledo" to carry its excursionists from Toledo and return next Saturday. The boat will arrive in Detroit at 1:45 p. m. and leave at 5 o'clock, giving plenty of time to look around Detroit. Passenger Agent Thompson advises that but 500 tickets will be sold so that all who wish to go had better procure tickets Friday.

The Grand Rapids and Indiana road announces an excursion to Cincinnati next Sunday. The train will leave Fort Wayne at 2:40 in the morning, and return at 11:55 the following night. The excursionists will have twelve hours in the Queen City. Superintendent J. W. Hunter promises those who go on the excursion a nice ride, the train being scheduled very high both directions.

Threatened Thunder Storm Did Not Keep People From Robison Park.

It takes something worse than a thunder storm or a hot day to keep people away from Robison park. Last night the attendance was again very good under the circumstances. By the burning out of a fuse in the electric apparatus a little delay was caused during the electric dances of Amoto, but she made her usual hit just the same. The E'Baganto club had a pleasant time in the big pavilion and danced merrily all evening to the music of the orchestrion. Tonight the regular Tuesday evening dance program will be given in the dancing pavilion from 8 to 10:30. On Saturday the Wayne Knitting mills will give their annual excursion and there will be dancing afternoon and evening. Yesterday notice was received from Findlay that a big shop excursion would come in on Thursday. The shop employs 400 persons and the whole outfit will come to Robison park. Sunday will be the big day when all the Germans of northern Indiana are expected to congregate.

THE FIGHT AT SANTIAGO.

Valor of American Troops Manifested on Many Bloody Fields.

The battles around Santiago, leading principally to the siege and capitulation of the city, have served again to demonstrate the valor, persistence and sagacity of the American soldier, and to prove that in fighting qualities our troops are the best in the world. Our country may depend upon the volunteers whose loyalty, and brawn, and bravery, and willingness to dare and do, constitute a wall of strength that no power of opposing nations can throw down, while intelligence, mercy and fullest appreciation of liberty make them invincible in war, and watchful, zealous and home-loving in peace. Our conflict with Spain has taught the younger generation especially the importance of studying our country's history, which will be found as interesting and heroic as that of Rome or Greece or England. A most effective aid to this duty may be found in "Our Nation in War," a portfolio of extraordinary value which The Sentinel is now distributing. This truly remarkable publication, 13¼x11 inches in size, is issued in parts of sixteen pages each, and is devoted to illustrating and briefly describing the greatest battles by land and sea, and the most astounding feats of heroism performed by our gallant soldiery in all the wars since that of 1776, including, of course, the battles with Spain. Can be had at this office at 10c per copy or they will be mailed on receipt of price. 25od2t

A Cure for Dyspepsia.

I was troubled with liver trouble, and my stomach was out of order, and after eating my breakfast would throw up what I eat. It went on this way for about two years. At last, after trying other remedies without any good effect, I was induced to try Ramon's Liver Pills and Tonic Pellets. After using one or two boxes I found myself in a healthy condition. I use them occasionally yet, always when in need of pills. I consider them the best pill on the market, and feel safe in saying that they are the finest things ever used.—John Lavoy, Luther, Hancock Co., Tenn.

LOCAL NEWS.

Born, to Mr. and Mrs. A. L. Babcock, of No. 68 Charles street—a daughter.

Mrs. Jennie Rich and children, Clarence and Lella, are in Chicago, the guests of Dr. Staugh, where they will remain for a week.

Prof. J. N. Study is expected home this evening from Lake George, N. Y., where he has been spending part of his vacation.

Carl P. Swan has returned from an extensive trip throughout the west. He met several former Fort Wayne people in Seattle, Wash.

The congregation of the Westminster church will give a picnic at Swinney park next Friday afternoon, as a farewell to Mr. Bedell and family.

Thursday evening a lawn social will be given for Bethel Mission at Bush's homestead, east of F. M. Y. school. Driving park car will take guests to the house.

Last evening the Epworth league of the St. Paul M. E. church had one of the most successful meetings in the history of the society. Seventeen young people were received to membership. The attendance was large and the meeting very enthusiastic.

A semi-centennial birthday anniversary was celebrated by Mrs. L. D. McNutt at her residence last evening in a very pleasant manner. The members of the lodge of Chosen Friends, of which she is a member, called and in behalf of the lodge Dr. Derbyshire presented a beautiful order pin to the hostess. Dr. Derbyshire's remarks were well fitted for the occasion, and the evening was spent in social amusements, refreshments being served at a late hour.

Ivers Leonard has been notified that he is now a lieutenant in the regular army of the United States. Lieutenant Leonard passed a rigid examination at Leavenworth and was one of a very few out of a class of fifty that passed with the required grade and who will be commissioned. The lieutenant's average was 84 9-10 per cent. and an average of 70 was necessary to pass. He expects to be assigned to duty soon but has no idea what department of the army he will be with.

SPY FOOLS THE SPANIARDS.

Special Government Agent Sees Camara's Fleet Depart.

London, July 26.—Diplomats and military and naval men are talking of little else now than of the remarkable exploits of a United States spy who was lionized in Madrid and Cadiz, and even dined with Admiral Camara before the now celebrated "Suez canal squadron" sailed from Cadiz.

This spy, or "confidential agent of the United States government," was a West Pointer, holding a commission as captain of the Second Texas rangers. His true name has not been disclosed. In Madrid he was Fernandez Del Campo. He arrived in Madrid seven or eight weeks ago in the guise of a wealthy Mexican gentleman.

He hired a suite of rooms on the first floor in the finest hotel of the Spanish capital, and was soon a great favorite in society, and was known, by reputation at least, in every Madrid drawing-room.

Fernandez Del Campo spent a month between Cadiz, the dock yards at Carraca and the arsenal at San Fernando. He stayed in Cadiz for a day or two after the departure of Camara's squadron. He witnessed this event on board one of the admiralty's launches.

One morning three Spanish gentlemen were walking up and down in front of the Hotel de Paris as if they were waiting for somebody. They were detectives sent to arrest him. A week later he was in Tangier speaking remarkably good English for a "Mexican."

WILL BECOME TRANSPORTS.

Canadian Pacific Company's Steamers Tartar and Athenia to be Transferred.

San Francisco, July 26.—A special to the Chronicle from Vancouver, B. C., states that the Canadian Pacific railroad company's steamships Tartar and Athenia are anchored in Vancouver harbor, having been taken off the Klondike route. Their stores are being removed and they are to become United States transports.

As they are British naval reserve boats they cannot be transferred to the American government directly, so that they will pass through the hands of the Pacific Coast Steamship company before being converted into troopships by Uncle Sam. The Athenia is registered as 4,600 tons and is constructed to carry 1,000 men, and the Tartar is a 4,000 ton ship, built to accommodate 1,200. Both ships can travel seventeen knots an hour.

FINES FOR WHITE CAPS.

Four Men Fined $10 Each for Whipping a Wife Beater.

Wabash, Ind., July 26.—Justice Alward, at Pierceton, has fined four White Caps for dragging William Keller, a wife beater, from his bed and giving him fifty lashes, $40 each. The defendants were Harry Sonsh, William O. Scosh, Frank Long and Charles Guy.

The first three pleaded guilty and the last stood trial. An army of witnesses was subpoened. It developed on the trial that Guy and William Sonsh organized the band and that the others did the whipping.

Oliver Keller, a son of the victim of the white capping, was among his father's assailants, and a warrant was sworn out for him, but he has disappeared.

A Judge Shot on the Bench.

Manchester, Eng., July 26.—While Judge Parry, of the county court, was delivering judgement cancelling the commission of Court Bailiff Taylor for misconduct, the latter drew a revolver and fired three shots at the judge. It is feared Judge Parry's injuries will prove fatal.

WHAT A WOMAN CAN DO.

One Was the Cause of a Fight at Which Five Men Were Hurt.

McArthur, Ohio, July 26.—A fight over a woman at a festival last night at Ilko, a mining village near here, resulted in five men being seriously wounded and many slightly injured. Those seriously hurt are:

Wm. Crow, cut in seven places, will die.

Frank Trimmer, shot in leg, hand and head.

Lewis Yeager, thumb cut off.

David Anderson, stabbed and struck on head with slung shot.

Lewis Anderson cut and bruised about head and face.

THE DEATH ANGEL

Invades Two Homes and Takes Members Therefrom.

Miss Emilie Tyler Stricken With Stomach Disease—William F. Heine Succumbs to Heart Trouble.

Shortly after 5 o'clock last evening a telegram from West Lebanon conveyed to the employes of the Wabash ticket and freight offices at this place the sad intelligence that Miss Emilie Tyler had just died. The young lady was taken with an affection of the stomach about two weeks ago, and failing to get relief from the malady, she requested to be taken home, where she could be under her mother's care and be treated by the old family physician. She was taken to West Lebanon one week ago today, being accompanied on the journey by her sister, Mrs. C. E. Jones, and Dr. Campbell, who came here for that purpose. The change did not bring the desired results and since that day Miss Tylor grew steadily worse until her sufferings ended in death. The end came at 6:15 o'clock yesterday afternoon.

Miss Tyler was twenty-eight years old. She was a native of West Lebanon, where her mother and two sisters now reside. For seven years Miss Tyler had charge of the Wabash telegraph office in this city during the day. She was an expert operator and ranked as one of the best in the employ of the company. She possessed a genial disposition and pleasing address which made friends for her while it endeared her to those with whom she daily associated. While in this city Miss Tyler made her home with Mrs. Frank Weldon, at 15 Brackenridge street. She was treated by the members of that family as if she was one of them and the news of her death created profound sorrow in the hearts of Mrs. Weldon and her children.

The funeral services over the remains will be held tomorrow afternoon, at 2 o'clock, at West Lebanon. The attaches of the Wabash ticket and freight offices at noon today forwarded to West Lebanon a tribute to the memory of the dead in the shape of two fine floral pieces, a harp and a spray.

WILLIAM F. HEINE DIES SUDDENLY.

At midnight the death angel entered the Heine home, 167 Hanna street, and removed therefrom the head of the family, William F. Heine. The cause of death was heart and stomach disease. The deceased had been ailing only a short time, and his demise came suddenly and unexpectedly. A week ago Mr. Heine was taken with sharp pains in the side and across the stomach and he remarked to a shopmate that he believed the malady was caused by drinking too freely of ice water. He went home to remain until he was better. For the past three days he felt first-rate and last night at 10 o'clock he retired feeling, as he said, much better than he had since he was taken sick. Shortly after 12 o'clock Mrs. Heine awoke and heard her husband breathing heavily. She tried to arouse him, but failed, and Dr. McCausland was called. Before the doctor reached the bedside, however, Mr. Heine breathed his last.

The deceased leaves a wife and seven children. He was about sixty-five years old and was born in Germany. When he was nine years old his parents came to America and soon afterwards settled on a farm three miles east of Fort Wayne. When Mr. Heine arrived at the age of twenty years he left the farm and came to the city to learn the trade of coffin making with the late Mr. Schoppman. Afterwards he was employed for two or three years in the H. G. Olds & Sons spoke factory. Thirty-one years ago he took a position in the Pittsburg round house and worked continuously for the company up to the time of his last illness. For six or seven years he had charge of the oil house. He was a member of St. Paul's Lutheran church, from which the funeral will be held.

All furnishing goods discounted 10 per cent. until Saturday night at Reuben S. Patterson's.

LIFE'S WORK IS DONE

Mrs. Hugh McCulloch Passes to the Great Beyond.

Died at the Home of Her Daughter in Sparkill, N. Y.—The Remains Will be Buried Beside the Honored Husband.

A telegram received yesterday afternoon by Charles McCulloch announced the death of his mother, Mrs. Hugh McCulloch, which occurred Monday noon at Sparkill, N. Y., at the home of her daughter, Mrs. John B. Yale. Mr. McCulloch left last evening to attend the funeral, which will occur tomorrow afternoon.

Mrs. Susan Mann McCulloch was the widow of the late Hon. Hugh McCulloch, and was born in Plattsburg, N. Y., May 13, 1818. In the year '36, Mrs. McCulloch, then Miss Mann, came in company with a Miss Hubbell, afterward Mrs. Royal W. Taylor, to Fort Wayne. The ladies came from Maumee, Ohio, in the primitive conveyance of the times, called a "pirogue"—a log canoe—and were landed near the grounds of the Old Fort, which was standing at that time. Miss Mann and Miss Hubbell began teaching school soon after their arrival, in a room of the old court house, and later in the basement of the First Presbyterian church, which was then located on the corner of Berry and Lafayette streets. Mrs. Mary Wheeler, Mrs. Edward Colerick and Louis Beurle are among the living pupils who were instructed by Mrs. McCulloch in those early days.

It was in this city and during the following two years that Mrs. McCulloch met and loved Hugh McCulloch, to whom she was married in 1838 at her home in Plattsburg. Four children were born to them, Charles, the well known banker, of this city; Fred, who lives in Howardsville, Va.; Louisa, Mrs. Yale, of Sparkill, N. Y., and Mary, now Mrs. Marshall, who resides in Boston. After her marriage Mrs. McCulloch was a resident of this city for a number of years, and was identified with many of the struggles and successes of the pioneer days. She was one of the organizers and earliest members of the Presbyterian church, now known as Westminster, which was founded by Rev. Henry Ward Beecher, and whose first pastor, Rev. Charles Beecher, was a brother of that noted divine. After Mr. McCulloch's pronounced abilities as a statesman and financier led him to remove his family to Washington to live permanently, Mrs. McCulloch became identified with the Episcopal church, of which she was a communicant at the time of her death.

In 1888 Mr. and Mrs. McCulloch celebrated their golden wedding, and it was several years after that notable event before the angel of death claimed the companion of her life. Mrs. McCulloch was always progressive, always keenly alert to the cultivation of noble faculties of mind and spirit which she possessed, and she retained her physical vigor to within a short time of her death. It was while traveling in Italy, two years ago, that she was made seriously aware of the complaint which was not curable but which she was able to withstand, with good care, for so many months. Mrs. McCulloch's last visit to this city was about five years ago.

The remains will be laid to rest beside those of Mr. McCulloch, in Rock Creek cemetery, which is within a few miles of the McCulloch home in Sparkill.

FOR THE TAMPA BOYS

The Lawn Social Will be Given at the Hamilton Homestead.

The Proceeds Will be Divided Between the Members of Companies B and G—Some Donations.

The ladies having charge of the lawn social to be given for the benefit of the soldier boys at Tampa at the Hamilton homestead tomorrow evening, are encouraged at the prospects which indicate that the event will be a complete success. While Mrs. Reese and Mrs. Fenner are the originators of the affair they have called to their assistance ladies who have sons, husbands, brothers or lovers in both companies B and G. Among those who will assist in entertaining the visitors are Mrs. Meyers, mother of Captain Meyers, of Company G; Miss McLeod, sister of Lieutenant McLeod; Mrs. Hartwig, who has a son in company G, Mrs. Alderman and many others. The proceeds of the social are to be divided between the companies of Captain Reese and Captain Meyers and will be used to purchase some of the comforts and luxuries of life which they have been unable to enjoy since enlisting in the volunteer army. There has been a liberal response to the ladies' efforts and donations have been quite liberal. Among the persons who have made donations of money are Hubert Berghoff, Mayor Scherer, Charles Orr and H. C. Berghoff. The lawn when lighted by the innumerable incandescent lamps will present a most beautiful appearance and the City band will render some of its finest music. Miss Hamilton will throw open the gates on all sides of the handsome lawn, which is bounded by Lewis, Clinton, Montgomery and Barr streets. Many a silver dollar and $5 gold piece should be dropped in the contribution box for a dish or two of ice cream.

How to Keep Cool.

Tuesday evening take street cars from any part of the city, transfer to Belt line south, leave car at corner of Calhoun and William streets, go west one-half square to the residence of Mr. and Mrs. E. H. Bookwalter, 15 West Williams street, and attend the Simpson M. E. church ice cream social and freeze.

The school board has closed a contract with the Bryce Furnace and Heating company, of Toledo, for five furnaces to be placed in the new Hoagland school. The old building has not been torn completely down. The front part has been repaired and this winter the smaller children of the south side will go to school in the same building and on the same lot as heretofore.
